primarily to enhance the educational development of the children enrolled in the facility and that services no child for more than three hours per day.

Prior Month – The calendar month immediately before the processing month for which the income and circumstances of the Child Care Assistance Program unit are evaluated to determine the amount of child care benefits to be paid during the benefit month.

Prospective income – The anticipated income to be received in a future month.

Qualified Provider - An individual 18 years of age or older, licensed, self-declaration, registered by a Tribe, or an approved relative who provides child care.

Recipient - An individual who is eligible the Child Care Assistance Program.

Recoupment – Withholding of part of the Child Care Assistance Program household's assistance benefit to recover an overpayment.

School Age Child – A child in any type of school setting that is not included as part of their daily child care activity. This includes preschool, Head Start, and elementary school, etc.

School Age Child Schedule - Schedule of a school age child that includes the yearly school calendar, including holidays, and the daily hours of school attendance.

Self-Declaration - The process whereby the Department of Human Services maintains a record of all in-home and self-declaration providers who have stated that they have complied or will comply with the standards prescribed. Self-declaration is available, although not required, for those child care providers who care for five (5) or less children.

Self-Employment – Employment where people work for themselves rather than an employer.

Self-Employed Individuals:

1. Earn the income directly from a business or trade, not from wages or salary from an employer.
2. Are responsible for the payment of entire Social Security and Federal withholding taxes. [If an employee, the employer would pay half of their Social Security Tax and withhold federal income tax from the employee's salary.]
3. File self-employment tax forms, however, not all individuals file tax forms.

Siblings – Brothers and sisters (including full, half, or step) who are related through birth, adoption, or marriage.

Spousal Support – A voluntary or court ordered payment by an individual for support to their ex-spouse.

State Maximum Monthly Share – The maximum amount the state will pay for a child eligible for the Child Care Assistance Program in a specific month.

State Rate – The maximum allowable amount the state allows for each child eligible for Child Care Assistance Program based on the Child Care Sliding Fee Schedule.

Stepparent – A person legally married to a parent after the birth or adoption of a child who is not the parent of that child by either birth or adoption.

Note: A child born after a marriage is dissolved is not a stepchild to the ex-spouse.

Temporary Absence – Period of time an individual may be physically absent from a residence but still considered to be a part of the Child Care Assistance household.

Temporary Assistance for Needy Families (TANF) - A program available for a limited time for families where deprivation exists for the child(ren) and income is insufficient to meet the needs of the family. This includes Transition Assistance provided to families for up to 6 months to qualified TANF households.

Terminated Source of Income – Income, earned or unearned, that stops or ends and is not anticipated to begin again.

Timely Report of Changes - A change that is reported within 10 days from the date the event occurred.

Timely Verified – Information that is provided within the required time frame.

Travel time – A reasonable time that it takes an individual to get to and from their allowable activity while their child(ren) is at child care. This does not include travel time from the parent's home to the child care provider and from the child care provider to the parent's home.

Tribal Entity - An organization authorized by the government of an Indian tribe within North Dakota to license, register, or otherwise recognize a child care provider operating within the jurisdiction of that Indian tribe.

Tribal Registration – A provider who is registered through one of the Tribal entities in North Dakota.

Underpayment – A correction to benefits paid a household who was originally paid less than they were eligible to receive.

Unearned Income – Income an individual receives without being required to perform any labor or service.

US Citizen – The status of being a native born or naturalized citizen of the United States.

Verification – The process and evidence used to establish the accuracy or completeness of information from an applicant, recipient, third party, etc.

Vocational Training – Training related to a specific trade, occupation or vocation.

Waived Co-pay – Low income families who are not subject to Co-pay requirements.

Work Study – Federal or non-federally funded employment arranged for students by a post-secondary school.

Working - Earning a wage. Self-employment is also defined as work.

Child Care Assistance Program (CCAP) Legal Authority and Program Purpose 400-28-10

Authority Reference 400-28-10-05

(Revised 10/1/11 ML #3278)

[View Archives](#)

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 signed into law August 22, 1996 collapsed all child care programs into one entitled Child Care and Development Fund.

Effective October 1, 1996 this program created a simplified program using the same regulations for all child care needs.

These include:

1. Families receiving Temporary Assistance for Needy Families ([TANF](#)) benefits and who are involved in work or training activities and families who are transitioning off such benefits
2. Families receiving Diversion benefits
3. Families eligible for [Crossroads](#)
4. Low income families who are in need of assistance of child care to keep from becoming dependent on other assistance programs

Federal regulations may be found at Title 45 Department of Health and Human Services, Part 98, Child Care and Development Block Grant Act of 1990, section 5082 of the Omnibus Budget Reconciliation Act of 1990, Public Law 101-508 as amended and codified at 42 U.S.C. 9858.

Goals and Purposes 400-28-10-10

(Revised 10/1/11 ML #3278)

[View Archives](#)

The goals of the Child Care and Development Fund (CCDF) are to:

1. Allow states maximum flexibility in developing child care programs and policies that best suit the needs of the children and caretakers within the state
2. Promote caretaker choice to empower working caretakers to make their own decisions on the child care that best suits their family's needs
3. Encourage states to provide consumer education information to help caretakers make informed choices about child care
4. Assist states to provide child care to caretakers trying to achieve independence from public assistance
5. Assist states in implementing the health, safety, licensing, and registration standards established in state regulations

The purpose of the CCDF is to increase the availability, affordability, and quality of child care services. The program offers Federal funding to States, Territories, Indian Tribes, and the tribal organizations in order to:

1. Provide low-income families with the financial resources to find and afford quality child care for their children
2. Enhance the quality and increase the supply of child care for all families, including those who receive no direct assistance under the CCDF
3. Provide caretakers with a broad range of options in addressing their child care needs
4. Strengthen the role of the family
5. Improve the quality of, and coordination among, child care programs and early childhood development programs
6. Increase the availability of early childhood development, and before/after-school care services

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

The federal regulations provide the basis for administration of the CCDF by providing that Lead Agencies:

1. Maximize caretaker choice through the use of certificates and through grants and contracts
2. Include in their programs a broad range of child care providers, including center-based care, family child care, in-home care, care provided by relatives, and faith based child care providers
3. Provide quality child care that meets applicable requirements;
4. Coordinate planning and delivery of services at all levels
5. Design flexible programs that provide for the changing needs of families;
6. Administer the CCDF responsibly
7. Design programs that provide uninterrupted service to families and providers, to the extent statutorily possible

In addition to the monies to be used for child care payments, quality monies in the grant are used for:

1. Licensing
2. Resource and referral services
3. Monies specified for services to specific children population groups such as infants and toddlers

Discriminatory Practices Prohibited 400-28-15-10

The North Dakota Department of Human Services and county social service boards, directly or through contractual or other arrangements, on the basis of race, color, religion, sex, national origin, age, or handicap, shall not:

1. Deny any individual aid, care, services, or other benefits provided under this program
2. Provide any aid, care, services, or other benefits to an individual which is different or is provided in a different manner from that provided to others under the program
3. Subject an individual to segregation or separate treatment in any manner related to receipt of any aid, care, services, or other benefits provided under the program
4. Restrict an individual in any way in the enjoyment of any advantage or privilege enjoyed by others receiving any aid, care, services, or other benefits provided under the program
5. Treat an individual differently from others in determining whether the individual satisfies any eligibility or other requirement or condition which individuals must meet in order to receive any aid, care, services, or other benefits provided under the program
6. Deny any individual an opportunity to participate in the program through the provision of services or afford the individual an opportunity to do so which is different from that afforded others under the program (including the opportunity to participate in the program as an employee where the primary objective of the federal financial assistance to the program is to provide employment, including a program under which the employment is provided to reduce unemployment)

Mandatory Verifications 400-28-15-15

(Revised 1/1/13 ML #3356)

[View Archives](#)

Eligibility for the Child Care Assistance Program (CCAP) is determined primarily by information supplied by the [applicant/caretaker](#). Certain conditions of eligibility must be supported by conclusive, documenting evidence.

At time of application, 6 month review, or when a new member is added to the household, the household is required to provide the following [verifications](#):

- Identity of Applicant/Caretaker;
- [Citizenship](#) for children for whom CCAP benefits are being requested;
- Age for children for whom CCAP benefits are being requested;
- Caretaker's association to the child(ren) for whom CCAP benefits are being requested;
- Verification of education or training;
- Court ordered [child support](#) or court ordered [spousal support](#) deduction;
- All [income](#) received by the family, to include all earned, unearned and [self-employment](#) income.

Should the applicant/caretaker be unable to obtain the required verifications, the eligibility worker may assist with obtaining the information.

Date of Application and Benefit Start Date 400-28-20-10

NDAC 75-02-01.3-02

Households can apply for the Child Care Assistance Program in person, by mail, fax or electronically using one of the following:

- SFN 598 Child Care Assistance Program Application
- SFN 405 Application for Assistance
- The Electronic Application (OASYS) found on the Department of Human Services Website

An SFN 616 Child Care Billing Report form is not required at time of application.

CCAP does not require an interview in order to determine eligibility.

Date of Application and Benefit Start Date

The date of the application is the date the signed application is received in the county social service office.

The county social service office must document on the application the date the application was received in the county social services office.

Note: Applications received after business hours, on weekends or holidays are considered received on the next business day.

If an unsigned application is received, the unsigned application must be returned to the applicant for signature. The county must document the date the signed application is received in the office. This date will become the application date.

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

Benefits will begin on the first day of the month in which the **signed** application is considered received in the county social service office.

Prior Month

Applicants may request assistance for the month prior to the application month (prior month). Households may request the prior month up to the last day of the month following the month of application. Requests for prior months made after the time of application must be submitted in writing to the county social services office.

Example:

A household applies for CCAP on April 3rd and is approved on April 15th. The household's benefit start date is April 1st. The household has until May 31st to request the prior month.

If eligible, CCAP will issue a one month certificate and make payment for the prior month.

If a certificate already exists for the requested prior month, a new eligibility determination is not made and payment for that month is based on the previous certificate.

Application Processing Timeliness Standards 400-28-20-15

(Revised 4/1/16 ML #3464)

[View Archives](#)

NDAC 75-02-01.3-02

A decision to either approve or deny an application must be made no later than 30 days following the day the signed and dated application is received in the county social service office. The first calendar day following receipt of the signed application is day 1 of the 30 day processing timeframe.

Additional time may be allowed due to an extenuating circumstance. An extenuating circumstance may be determined by the eligibility worker, but reason for the extenuating circumstance must be documented in the case file. If it has been determined that an extenuating circumstance exists, 15 extra days are allowed to process the application. Action must be taken no later than 45 days following the date of application.

A 'pend' notice must be sent when any information required to determine eligibility is not received with the application. The applicant has 10 days from the print date of the pending notice to provide the required information and verifications. The 'pend' notice must include:

- The information and verifications that are needed including the months for which information is needed.
- The time frame for submitting the information and verifications (10 days from print date of notice).
- Information regarding application denial if the information and verifications are not provided within 10 days

Information and verifications received after business hours, on weekends or holidays are considered received on the next business day and are considered to be timely.

If an application is filed with no address, the eligibility worker should review the contact information found on the mailing envelope, in a phone book, on a Motor Vehicle query, or using any other available resources for address information. The application must be pended and if no mailing/residence address can be located, 'General Delivery' must be used for the mailing address and applicable notice(s) sent.

Pending applications cannot be denied prior to the 30 day processing timeframe or prior to the 10th day from the print date of the pending notice, whichever is later. However, if it is determined the applicant is not eligible; the application can be denied at any time prior to the 30th day. An application must be denied when:

- The Co-pay exceeds the lower of the State Rate or amount billed for all child(ren) whom assistance is being requested.

Example: The family's co-pay is determined to be \$233 per month and the maximum payment CCAP will issue to the provider is \$180. The case must be denied as the co-pay will always exceed the amount that CCAP would pay.

- It is determined there is no child care needed.

If the applicant does not provide the information requested in the pending notice for **any** of the months requested-(application month, prior month, or month following application), each month that was requested must be denied.

If the notices are returned for insufficient address:

- If the application has not been approved, it should be denied due to loss of contact and documented in the case file.
- If the application has been approved, the case can be closed for loss of contact and documented in the case file.

If the applicant provides information for one month but not the other month(s), the month that the information was provided for can be processed and the other month(s) must be denied.

- If the applicant is not eligible for child care for the prior month but is eligible for the month of application, the prior month is denied and the application is approved, effective the first of the application month.
- If the applicant is eligible for the prior month but not for the month of application, the prior month is approved effective the first day of that month and the case is closed as of the last day of the month. The same application would be processed for the application month and denied.

An application may be withdrawn at any time prior to a decision being rendered. The request to withdraw the application can be made in writing or verbally by the applicant.

Application for Other Programs at time of CCAP Application

If an individual applies for CCAP and TANF, Diversion, or Crossroads at the same time, the application for CCAP must be pended until TANF, Diversion, or Crossroads eligibility is known.

If an individual applies for CCAP and TANF, Diversion, or Crossroads at the same time, requests CCAP for the prior month, all information needed to process the prior month has been submitted and the application month is pending, the prior month can be processed. In these situations if the prior month is processed as Co-pay use actual income and allowable expense deductions and a one month certificate is issued. If the prior month is processed as Waived Co-pay (TANF, Diversion, or Crossroads) the prior month is processed without regard to income or allowable expense deductions, and a one-month certificate is issued. In both situation, Co-pay or Waived Co-pay, the case must be closed as of the last day of the prior month. The application month would then be pended until TANF, Diversion, or Crossroads eligibility is known.

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

Example: An individual applies for TANF and CCAP in June. The individual requests child care for the prior month of May. The information needed to determine May's eligibility has been provided and the case has been determined to be Co-pay for May.

The prior month of May is processed as Co-pay issuing a one month certificate. The case must then be closed the end of May. The CCAP application for June is pended until TANF eligibility is determined.

New Application Not Required 400-28-20-25

(Revised 10/1/12 ML #3348)

[View Archives](#)

NDAC 75-02-01.3-02

A new application **is not required** in the following circumstances:

1. To approve a case denied in error or reopen a case when it has been closed due to agency error
2. If a case closes for no review, a review form may be used in the month following the month of case closure
3. If the applicant is not eligible in the month of application, the application must be denied. The same application can be used to determine eligibility for the month following the month of denial. In this situation, the application month becomes the month following the month of denial and the application received date is the first day of the month following the month of denial. The application cannot be used for more than two months **except** when eligibility needs to be determined in the prior month.

Example: An individual applies for the Child Care Assistance Program in April and request child care for the prior month of March. The individual is eligible for March but not eligible for April.

- The application is approved for March and closed March 31 because the individual is not eligible for April.
 - The application must be denied for April.
 - If eligible for May, the same application can be used.
4. When a case closes for failure to provide information, a new application is not needed to reopen the case (revert to open) when the recipient provides **ALL** requested information prior to the closure effective date and remains eligible. If the closure date is a weekend or holiday, the recipient must provide the information by the close of business on the last working day of the month in which the case will close.

Establishing Need 400-28-20-35

(Revised 04/01/14 ML #3401)

[View Archives](#)

For a new application or in an ongoing case, in order for a child to be included on a certificate, the child must have a child care need for the current month or the month following the current month while the caretaker(s) is participating in an allowable activity. All hours the child needs child care in the month need is being established must be taken into consideration (which includes hours needed for days off from school, weekends, after school, etc.). If a child does not have a child care need for the current month or the month following the current month, the child cannot be included on the certificate.

Note: Refer to policy sections 400-28-85-10-05, Child Not in School and 400-28-85-10-10, School Age Child for policy addressing how to determine average weekly hours and adding of additional hours for a school age child.

At time of application, if need has been determined for a child for the prior month only, the child can be added to the 1-month certificate, but would not be included in the 6-month certificate.

If child care is requested for the prior month, actual hours the child needed child care while their caretaker(s) was in an allowable activity in the prior month must be used.

Once need is established for a child and the child is included on the 6 month certificate, the child will remain on the certificate for the remainder of the certificate period as long as all other eligibility criteria is met.

Six (6) Month Review 400-28-25

Six (6) Month Review 400-28-25-05

(Revised 1/1/13 ML #3356)

[View Archives](#)

A review must be completed every 6 months. The 6 month review is due in the last month of the certificate period. A review can be submitted to the county social service office in person, by mail, by fax or electronically.

An SFN 841, "Child Care Assistance Program Review" form is automatically sent to the caretaker in the month prior to the last month the certificate is valid. The caretaker must submit the completed and signed review form in order for eligibility to be continued.

A completed and signed review is due in the county social service office by the 10th day of the review month. If a completed and signed review form is not received by the 15th day of the review month, a closing notice must be sent informing the caretaker that failure to submit a review form by the last day of the review month will result in case closure.

CCAP does not require a face-to-face interview in order to determine eligibility.

The review is considered received as of the date a signed review is received in the county social service office. The county social service office must document the date a review is filed by recording the date received on the review form.

The review is considered signed if the signature is found anywhere on the review form, other than in answer to a question.

If an unsigned review is received and has been date stamped by the county social service office, the unsigned review must be returned to the

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

caretaker. If the same review, now signed by the caretaker, is returned to the county social service office, that office shall date stamp the review with the date the signed review is received. Document in the case file the correct review received date.

A decision to approve a review or to close the case must be completed within 30 days following the date the review is received in the county social service office unless extenuating circumstances exist. The first calendar day following receipt of the review is day 1 of the 30 day processing timeframe.

A review cannot be denied prior to the 30th day following the date the review was received, if the household has been sent a closing notice requesting verifications. Unless extenuating circumstances exist, all verifications must be received and case processed within the 30 days from the date of receipt of review.

If additional time is allowed beyond the 30 day period due to extenuating circumstances, an additional 15 days can be allowed. When extenuating circumstances are allowed, action must be taken no later than 45 days following the date the review form was received. The extenuating circumstances must be clearly documented in the case file.

If a CCAP case is closed because a review has not been submitted and completed by the end of the month the review was due, the case remains closed as of the last day of the month in which the review is due, if:

- The 30th day from receipt of the review extends into a future month and the family fails to provide the required information by the 30th day or 45th day if extenuating circumstances have been allowed; or
- The family is determined ineligible at any time during the month the review is due and through the 30th day or 45th day if extenuating circumstances have been allowed.

If a review is received by the last day of the month the review was due and additional information is needed, a closing notice must be sent. This notice must advise:

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

- The required verifications and information needed allowing the caretaker 10 days to provide the information
- The date by which the review process must be completed (this date is the 30th day from receipt of the signed review)
- The date the case will be closed if the review process is not completed (this is the last day of month the review was due in)

Example: A review form is received on April 3 and additional information is needed. On April 7, a closing notice is sent asking for required verifications, allowing the caretaker 10 days to provide the required information.

- If all the required verifications **are** provided by May 3 and the household remains eligible, a new certificate is issued.
- If all the required verifications **are not** provided by May 3 or all required verifications are provided and the household **does not** remain eligible, the case remains closed as of April 30.

NOTE: April 4th is day 1 of the 30 day period.

When a caretaker is sent a closing notice that includes a request for additional information, the caretaker must be allowed at least 10 days from the date of the notice to provide the additional information, even if the 10 days takes them past the 30th day from when the review was submitted or past the 45th day when extenuating circumstances have been allowed.

When the 10th day falls on a weekend or holiday, the information is deemed to have been provided timely if received by the county social service office by close of business the first business day following the weekend or holiday.

Example: A closing notice for non-receipt of review was sent on June 15. A review form is received on June 26. On June 28 a closing notice is sent asking for required verifications, allowing the caretaker 10 days to provide the required information. The case closes June 30 as eligibility for July cannot be determined.

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

- If all the required verifications **are** provided by July 26 and the household remains eligible, a new certificate is issued.
- If all the required verifications **are not** provided by July 26 or all required verifications are provided and the household **does not** remain eligible, the case remains closed as of June 30.

NOTE: June 27 is day 1 of the 30 day period.

When a caretaker is sent a closing notice which allows the household 10 days to provide required verifications and this takes the household past the 30th day from date of receipt of the review form and into the following month:

- If the caretaker **does provide** the required information within the 10 days, if the case remains eligible, the case must be reverted to open and the review processed. If the case is ineligible, the case remains closed.
- If the caretaker **does not provide** the required information within the 10 days, the case remains closed and a new application is needed.

Example: A completed and signed review form is received on July 3 at the county office. Additional verifications are required. A closing notice is sent on July 6 asking for the requested verifications, allowing the caretaker 10 days to provide the requested information, and advising the case will close July 31st if verifications are not provided by August 2nd. On July 28th, the caretaker provides the requested information, but also provides additional information, requiring further clarification. On July 28th, a closing notice is again sent to the caretaker requesting additional information, allowing the caretaker 10 days (August 7) to provide the requested information advising the case will close July 31 if the verification are not provided.

- If the caretaker does provide the requested verification within the 10 days, if the case remains eligible, the case is reverted to open and the review processed. If the case is ineligible, the case remains closed as of July 31st.
- If the caretaker does not provide the required information within the 10 days, the case remains closed and a new application is required.

If the review form is returned, the eligibility worker should review the returned mail to determine if there is a forwarding address.

- If there is a forwarding address, remail the review form to the new address.
- If there is no forwarding address, send a closing notice to the household using the last known address informing them that their case will be closed due to loss of contact.

Regardless of the action, the eligibility worker must document the actions taken in the case file narrative.

Adequate or advance notice is not required for any action taken on a review. However, a notice must be sent.

Eligible Children 400-28-35-02

(Revised 7/1/16 ML #3472)

[View Archives](#)

NDAC 75-02-01.3-01

An eligible child in the household is a child who needs child care and:

1. Is under age 13.

A child who is age 12 in the month of application or review and turns 13 during the certificate period, will remain eligible through the certificate period. If the child turns age 13 in the month of application or review, the child is ineligible.

Example

Household was approved for child care with a certificate starting in April. At the time of approval the child was age 12. On June 9th, the child turned 13. The child remains eligible for CCAP for the remainder of the certificate period.

2. Is at least age 13, but under age 19, and who is physically or mentally incapable of caring for themselves as verified in writing by a physician or a licensed /certified psychologist.
3. Is at least age 13, but under age 19, and is in need of supervised care as specified in a court order.

A child is considered "under age 13 or 19" through the month of the child's 13th or 19th birthday.

Foster care children are not eligible for the Child Care Assistance Program (CCAP) as the Foster Care program provides for this service.

All eligibility information must be provided for each child for whom CCAP benefits are being requested. Any child for whom all information is not provided is not eligible for CCAP. However, that child is included in the

household size and their unearned income is considered. If at a later date the requested verifications are provided for the child, the child's eligibility for CCAP begins the month the verifications are received and all other eligibility criteria is met.

The household must include the child(ren) for whom assistance is being requested and the following individuals residing in the home:

- The natural, adoptive or stepparent(s)
- All siblings, (including half and step-siblings) who are under age 19
- All natural or adoptive children of the caretaker and caretaker's spouse who are under the age 19.

Note: The Child Care Assistance Program (CCAP), considers a child under the age of 19 through the month of the child's 19th birthday.

- Child under the Subsidized Guardianship Program

When two unmarried adults reside together, in order for a child to be considered a child in common, paternity of the child in common must be verbally acknowledged or legally adjudicated, or the parents must have signed a voluntary acknowledgment of paternity:

- If child care is being requested for a child in common of unmarried parents, both parents and the children of both parents must be included in the unit.
- If child care is NOT being requested for a child in common of unmarried parents, the child in common must be included in the unit(s) of siblings who child care is being requested.

Example #1: Unmarried non-TANF household includes mom, her child, Dad, his child and a child in common. Mom is requesting child

care for her child and Dad is requesting child care for his child. Child care is not being requested for the child in common. Since assistance is not being requested for the child in common, Mom and Dad must each complete an application for CCAP. The child in common would be included as a household member in both Mom and Dad's household. Both Mom and Dad would have a 3 person household.

Example #2: Unmarried non-TANF household that includes Mom, her child, Dad, and Mom and Dad's child in common. Mom is requesting child care for her child. Child care is not being requested for the child in common. Mom must complete an application for CCAP. Mom would have a have a 3 person household which includes herself, her child and the child in common.

See Section 400-28-45-25, Unmarried TANF Households – Child in Common for an exception for TANF Households.

If the child(ren) for whom assistance is being requested resides with a loco parentis, the household must include the following individuals residing in the home:

- The sibling(s) (including half and step-siblings) of the child for whom assistance is being requested
- The loco parentis and spouse of the loco parentis
- The loco parentis' and spouse's children under age 19

A minor parent who needs child care for their child(ren) and who is residing in his/her parents' home is considered a separate household and must apply on their own behalf.

- If the minor parent is in receipt of TANF, the case is considered TANF for CCAP.
- If the minor parent is in receipt of Crossroads, the case is considered Crossroads for CCAP.
- If the minor parent is in receipt of Diversion, the case is considered Diversion for CCAP.
- All other minor parents are subject to Co-pay.

If a minor parent is residing with their parent(s) and the parent(s) have a child(ren) for whom child care is requested, the minor parent and the minor parent's child(ren) are not considered members of their parents' case.

The following individuals are excluded from the household count:

- Children 19 years of age or older (a child is considered under the age of 19 through the month of the child's 19th birthday).
- Any child for whom the household receives Foster Care payments.
- An individual in the household who is not the caretaker or sibling of the child and not acting as loco parentis.
- Parent(s) and other family members of a minor parent when the minor parent is requesting CCAP.
- Minor parents and their child(ren) if the parent(s) of the minor child are requesting CCAP.
- A child under 19 years of age who resides away from home may come home on weekends or vacations breaks. The child is not counted as part of the household if their visit is less than a full calendar month.

Note: A child under age 19 who has a child care need can be included in the household of the caretaker with whom the child care costs were incurred (refer to 400-28-35-25, Parents Not Residing Together).

Persons Entering the Home:

- New Applications:
 - Individuals required to be included in the child care assistance unit who enter the home in the month prior to the application month must be included in the prior month determination.
 - Individuals required to be included in the child care assistance unit who enter the home prior to an application being approved must be included in the application month determination.
- Ongoing Cases:
 - When an individual enters the home and child care is not needed for the individual for the month of entry, the individual is not included in the child care assistance unit if their addition results in a decreased benefit or ineligibility for the month of entry. If required, the individual must be included in the child care assistance unit the month following the month of entry.

- When an individual enters the home and child care is needed for the individual, the individual must be added to the case for the month of entry regardless of the effect on the benefit, based on whether or not the information was timely reported and verified.

Persons Leaving the Home

- **New Applications:**
 - Individuals who are required to be included in the child care assistance unit leave the household in the month prior to the application month are included in the prior month determination but are not included in the application month determination.
 - Individuals who are required to be included in the child care assistance unit leave the home in the month of application prior to the application being approved or denied are not included in the child care assistance unit, unless the individual who left is a child and the child had a need for child care.
- **Ongoing Cases:**
 - Once a case is approved, individuals who leave the home are included in the child care assistance unit through the month in which they left. Effective the month following the month the individual left, the individual must be removed from the unit.

In order for a marriage performed in North Dakota to be recognized or considered valid in North Dakota, couples are required to obtain a marriage license through the County Recorder's Office.

Marriages that occur outside of North Dakota are considered valid in North Dakota if:

1. The marriage was legally performed in another state;
2. The marriage is a common law marriage that occurred in another state and was considered a valid marriage in that state (the couple would be required to provide documentation verifying that the common-law marriage was considered valid by the state in which it took place); or
3. The marriage occurred in another country and the marriage was considered valid according to the law of the country where the

Caretaker Temporarily Out of Home 400-28-35-10

NDCC 50-33-04

A household with one caretaker who is living apart from the children either in state or out of state, due to allowable employment, allowable education or training, uniformed service, medical condition may be eligible for the Child Care Assistance Program (CCAP) in the month they leave. Child care incurred until the time they leave can be covered and the case is closed at the end of the month they leave.

The new caretaker(s) with whom the child(ren) resides must apply. If the new caretaker applies and incurs child care costs in the month the first caretaker's case was closed, child care for the new caretaker can be paid starting from the date the child(ren) reside with the second caretaker and incur child care costs.

Should the first caretaker return home and the child(ren) resides with that caretaker, the case for the second caretaker must be closed at the end of that month. The child care costs for the second caretaker would be paid only through the date the children were residing in that home. The first caretaker must reapply and child care costs for the first caretaker could be paid starting from the date the children were residing in that home.

A household with two caretakers where one of the caretaker's is temporarily living apart from the other caretaker and child(ren), either in state or out of state, due to allowable employment, allowable education or training, uniformed service or medical condition is not considered absent from the home as long as he or she continues to function as a caretaker; even if the level of support or care is reduced. Child care costs can be paid while the remaining caretaker is participating in an allowable activity. Both caretakers are counted as a household members and all gross countable income and allowable expenses are used to determine CCAP income eligibility.

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

In families with two caretakers, CCAP may pay for child care costs of a caretaker participating in an allowable activity for the children remaining in the home, when the other caretaker is temporarily out of the home due to a state approved medical condition of either the caretaker or of a child in the Child Care Assistance Unit.

The family must obtain verification from a medical provider supporting the medical condition of the member of the Child Care Assistance unit, and provide the information to the eligibility worker. The information must be forwarded to the CCAP State Determination Team for a decision.

The CCAP State Determination Team will render a decision and notify the eligibility worker if the request has been approved or denied. If approved, the CCAP State Determination Team will determine the length of the approval.

When the caretaker and member of the Child Care Assistance unit with the medical condition are back in the home, the child care case must be closed, unless otherwise eligible.

Incapacity of a Caretaker 400-28-35-15

(Revised 4/1/16 ML #3464)

[View Archives](#)

In a household with one caretaker, child care can be allowed when:

- The caretaker is disabled or physically, mentally, or emotionally incapable of providing care.

In a household with two caretakers, child care can be allowed when:

- One of the caretakers is in an allowable activity.
- The other caretaker is disabled or physically, mentally, or emotionally incapable of providing care.

Verification of the caretaker's incapacity must be obtained from the caretaker's physician, psychologist, health care or other qualified professional or from the Social Security Administration indicating that the caretaker is unable to care for the child(ren). This information must be submitted to the CCAP State Determination Team for a decision. The CCAP State Determination Team will render a decision and notify the eligibility worker if the request has been approved or denied. If approved, the CCAP State Determination Team will determine the length of the approval.

Approval of allowable child care hours may be limited to the number of days and hours per week recommended by the medical professional.

In order for eligibility based on incapacity to continue, the caretaker will need to submit current documentation of the incapacity before the end of the approval period determined by the CCAP State Determination Team, or at the time of review, whichever is first. This information must be submitted to the CCAP State Determination Team for a decision.

At the time it is determined the caretaker is no longer incapacitated the case must close unless otherwise eligible.

(Revised 4/1/16 ML #3464)

[View Archives](#)

Parents who share custody of their children may apply for child care on their own behalf and the child(ren) would be included in each separate household.

The level of care is determined separately for each household based on the caretaker's schedule and the child's schedule. Refer to 400-28-85-10, Determining the Level of Care.

Payment will be made based on the costs incurred during the time the caretaker had the children in their care.

Example: Mom has custody of the child for two weeks each month. Mom works full time and is determined to have a full-time level of care. The level of care is determined the same as it would be for households that do not have a shared custody situation. The certificate is approved for full-time care. Payment is issued based on the time the child was in mom's care even if the provider fills out the billing form for the entire month. Only the two weeks the child was in mom's care are paid.

If both parents are using the same provider for the child, the provider must submit two separate billing forms, one for each parent.

The Child Care Assistance Program (CCAP) is neither a party of nor subject to any arrangements or any terms between parents. See section 400-28-115-10, Caretaker and Provider Contract for Services for information regarding contracts between parents and providers.

[View Archives](#)

In-home child care will be allowed and must be approved for the following instances as approved by Child Care Assistance Program (CCAP) State Administrator prior to care being provided:

1. If a child's health would be at risk, written documentation from a health care professional must be submitted to the CCAP State Administrator satisfactorily demonstrating the health risk to the child if the child is taken to an outside provider, or
2. For a disabled child, written documentation must be provided to the CCAP State Administrator demonstrating that the child's disability is such that taking the child to an outside provider creates an undue hardship.

Note: In-home child care must be paid at federal minimum wage.

A family who chooses in-home care in these situations will be eligible for payment for CCAP based on the same criteria as other families who have out-of-home providers.

The court order must be a current court order. A copy of the court order must be provided and included in the case file.

CCAP should be used after all other resources have been exhausted.

Crossroads Families 400-28-40

Eligibility for Crossroads Families 400-28-40-05

(Revised 5/1/15 ML #3439)

[View Archives](#)

The Crossroads Program is designed to assist with child care costs for individuals who are:

- Parents up to 21 years of age (prior to the month the parent turns 21 years of age)
- Parents who are male or female
- Parents who are married or unmarried
- Parents who have the primary responsibility for the care of their child
- Parents who are pursuing high school, a GED or alternative high school

If the parent is interested in receiving assistance through Crossroads, the parent must apply for Crossroads.

A parent applying for Crossroads who is requesting assistance with child care expenses must also apply for the Child Care Assistance Program (CCAP) unless the parent already has an open CCAP case. Upon receipt of the Crossroad's approval letter, the individual is eligible for CCAP to cover the costs of child care.

A copy of the Crossroads approval letter must be submitted to the county to verify the parent(s) is eligible for Crossroads. The approval letter shows the period of time the parent is eligible for Crossroads.

While an individual is eligible for Crossroads, child care for that individual can be reimbursed under CCAP. In these situations, the certificate must reflect education, work or approved activities on the education plan.

A parent, who participated in Crossroads in the previous school period and who intends to participate in Crossroads for the next school period is

eligible for Crossroads coverage during the break between the two school periods if the parent is working or participating in Crossroads case management services during that time. Verification of participation must be provided to the county. If the break is expected to last for more than a calendar month and the parent will not be working or attending parenting classes, the CCAP case must be closed. At the time it is learned that the individual will not be returning to school, eligibility as a Crossroads family ends.

When an individual eligible for Crossroads is married or resides with the parent of the child, CCAP will pay the Crossroads approved child care without regard to the activities or income of the spouse or second parent.

A child in receipt of a Supplemental Security Income (SSI) may be eligible for Crossroads provided the parent meets the Crossroads eligibility criteria.

If the parent is not eligible for or chooses not to participate in the Crossroads Program, the parent can apply for CCAP and if all other program criteria is met, be eligible and is subject to the Co-pay or Waived Co-pay if eligible for TANF or Diversion.

The Co-pay requirement is waived for child care that is a result of participation in an approved activity of a caretaker in receipt of or deemed in receipt of TANF or Diversion. This includes child care for an SSI or ineligible child whose caretaker is receiving TANF, TANF Transition or Diversion Benefits.

Note: Payment of child care is subject to Co-pay when the child care is a result of an activity for a TANF caretaker who is:

- In receipt of SSI
- A Disqualified Alien or
- An ineligible non-legally responsible caretaker

Families not subject to the Co-pay requirements are not subject to the income requirements for the Child Care Assistance Program. These families do not have to provide verification of their income in order for their eligibility to be determined.

- The TANF household receives a zero benefit because the TANF benefit is less than \$10.00 (TANF does not issue benefits for less than \$10)
- Child care expenses were not allowed as a deduction from income in the final two (2) months of TANF eligibility
- An individual is sanctioned for non-cooperation with the JOBS/Tribal NEW Program or Child Support Enforcement
- An individual disqualified from TANF for an Intentional Program Violation (IPV)
- An individual is disqualified from TANF because of a drug felony, fleeing felon or a parole or probation violator
- An individual is disqualified from TANF for Fraud
- An individual receives a Diversion benefit

The Child Care Assistance Program can pay child care costs for allowable activities in which a TANF caretaker is participating. These cases are not subject to Co-pay requirements.

NDAC 75-02-01.3-04

When two unmarried adults reside together, in order for a child to be considered a child in common, paternity of the child in common must be verbally acknowledged, legally adjudicated, or the parents must have signed a voluntary acknowledgement of paternity.

When a household consists of two unmarried adults who each have a child(ren) and a child in common, and BOTH caretakers are eligible for TANF:

- If child care is being requested for the child in common, only one case is established and both parents, the children of both parents and the child in common must be included in the child care assistance unit.
- If child care is NOT being requested for the child in common, two cases must be established and the child in common must be included in each case

Example: Household includes Mom, her child, Dad, his child and a child in common. Mom is requesting child care for her child and Dad is requesting child care for his child. Child care is NOT being requested for the child in common. Since assistance is not being requested for the child in common, Mom and Dad must each complete an application for the Child Care Assistance Program (CCAP). The child in common would be included as a member of the child care assistance unit in both Mom and Dad's household. Both Mom and Dad would have a 3 person household.

When a household consists of two unmarried adults in which one parent has a child(ren), the other parent does not have a child, the parents have a child(ren) in common and BOTH parents are eligible for TANF:

- If child care is requested for the child(ren) in common, one case is established and must include the child(ren) in common, both unmarried adults and any of the unmarried adults' child(ren) required to be in the child care assistance unit.
- If child care is not requested for the child(ren) in common, the parent who needs child care must complete an application for CCAP and that parent's child care assistance unit would include their own child(ren) and the child(ren) in common.

When a household consists of two unmarried adults who each have a child(ren) and a child in common and ONLY one caretaker is eligible for TANF, two separate cases must be established.

- If child care is being requested for the child in common, the child in common is included in the TANF caretaker's child care assistance unit and child care for the child in common is determined in the TANF caretaker's case.
- If the non-TANF caretaker requests child care, the child in common is included in the child care assistance unit of the non-TANF caretaker. However, the child care for the child in common is paid in the TANF caretaker's case.

Example: Household includes mom, her child, Dad, his child and a child in common. Mom is requesting TANF and child care for her child and Dad is requesting child care only for his child. Mom and Dad must each complete an application for CCAP. The child in common would be included as a household member in both Mom and Dad's household. Both Mom and Dad would have a 3 person household.

Note: If child care is being requested for the child in common, the child in common's child care would be determined in Mom's case as she is TANF eligible.

These expenses can be paid under the Child Care Assistance Program (CCAP) and are considered Waived Co-pay.

If the former TANF recipient does not have an open CCAP case, an application must be submitted by the end of the month following the month the TANF case closed. If the application is not submitted by the end of the month following the month the TANF case closed, child care cannot be paid under CCAP for the final two months of TANF.

The Child Care Assistance Program (CCAP) will pay child care for TANF recipients **only** if the allowable activity is identified and the child care is approved on the JOBS or Tribal New Employability plan. Child care for any allowable activity not identified on the employability plan **cannot** be paid through CCAP.

When a TANF recipient who is required to participate in the JOBS Program is not participating, child care will be paid for any activity the individual is participating in that is listed on the latest employability plan until the TANF case closes.

Example: Mom is required to participate in the JOBS Program in Job Search but fails to provide information to her case manager. The case manager completes the 'good cause' process and a sanction is imposed for October.

If Mom submits child care expenses for the months of September and October while searching for a job, since the latest employability plan lists her activity as Job Search and the Mom continues to be a JOBS participant through October 31st, the child care expenses for September and October while searching for a job can be paid.

Should the child care expenses for the month of September and October be a result of an activity not listed on the employability plan, those child care expenses cannot be paid unless Mom begins participating in the JOBS program and a new employability plan is received that includes these activities.

TANF recipients who are not required to participate in the JOBS or Tribal NEW programs must volunteer to participate in the program in order for their child care to be paid through CCAP.

Ineligible/SSI children whose caretaker is receiving TANF or Diversion, must have their child care paid through the Child Care Assistance Program (CCAP) since their child care expenses cannot be used as an expense deduction in TANF or Diversion. Since the caretaker is in receipt of TANF, the children are considered part of the TANF household for CCAP purposes.

Age Verification for the Child for Whom Assistance is Being Requested 400-28-50-20

(Revised 10/1/12 ML #3348)

[View Archives](#)

NDCC 50-33-02

Children for whom Child Care Assistance Program (CCAP) benefits are being requested must verify their age. If age for a child is requested and is not verified, that child is not eligible for CCAP. If at a later date verification of age is provided for the child, the child's eligibility for CCAP begins the month the verification of age is received and all other eligibility criteria is met.

The caretaker is not subject to the age requirement. A child included in the CCAP case as a household member for whom assistance is not being requested does not need to verify their age. However, if at a later date, CCAP is requested for that child, verification of age must be provided before eligibility for the child can be determined.

- Birth Certificate:
 - Certified copy or electronic interface from Vital Records
 - Uncertified copy of the 'Certificate of Live Birth' (yellow copy) 'Souvenir'
 - Copy if signed by both the attending physician and president/administrator of the hospital.

Note: Due to a change in law effective July 1, 2010, all Puerto Rican birth certificates issued prior to July 1, 2010, are invalid. Only birth certificates from Puerto Rico that are issued (or reissued) on or after July 1, 2010, are acceptable.

- Baptismal certificate or church record
- Confirmation papers
- Adoption record
- Passport
- Driver's license
- Hospital records
- School records
- Immigration or Naturalization Record
- Alien Registration Card

Ultimately, responsibility to provide necessary verifications lies with the caretaker.

Citizenship Verification for a Child for Whom Assistance is Being Requested 400-28-50-25

(Revised 10/1/12 ML #3348)

[View Archives](#)

NDCC 50-33-02

Children for whom Child Care Assistance Program (CCAP) benefits are being requested must verify their citizenship. To be eligible for CCAP, a child must either be a United States citizen or an alien lawfully admitted for permanent residence. If citizenship for a child is requested and is not verified, that child is not eligible for CCAP. If at a later date verification of citizenship is provided for the child, the child's eligibility for CCAP begins the month the verification of citizenship is received and all other eligibility criteria is met.

The caretaker is not subject to the citizenship requirement. A child included in the CCAP case as a household member for whom assistance **is not** being requested does not need to verify their citizenship. However, if at a later date, CCAP is requested for that child, verification of citizenship must be provided before eligibility for the child can be determined.

The following documents or records may be available to prove the citizenship status claimed.

Note: Verification of the entry status for non-citizens may be accessed via the Systematic Alien Verification for Entitlement (SAVE).

1. US Citizenship

- Birth certificate/hospital birth certificate if signed by attending physician;
- Vital Records interface;
- United States passport;
- Certificate of Naturalization;
 - (N-550 or N-570 – which are issued by the INS through a Federal or State court, or through administrative naturalization after December 1990 to individuals who are individually naturalized).
- Report of birth abroad of a U.S. Citizen;
 - (FS-240 – which is issued by the Department of State to U.S. citizens).
 - (Statement provided by a U.S. consular officer certifying that an individual is a U.S. citizen – this is given to an individual born outside the U.S. who derives citizenship through a parent but does not have an FS-240, FS-545 or DS-1350).
 - Verification that a child was born abroad to two U.S. citizen parents; or
 - Verification that a child was born abroad to one U.S. citizen parent and that U.S. citizen parent resided in the U.S. for a period of at least one year prior to the child's birth; or
- Certificate of birth;

- (FS-545 – which is issued by a Foreign Service post or Certification of Report of Birth).
 - (DS-1350 which is issued by the Department of State).
- Certificate of Citizenship;
 - (N-560 or N-561 which is issued by the INS to individuals who derive U.S. citizenship through a parent).
- Religious records recorded in one of the 50 states or the District of Columbia;
- Early school records (preferably from the first school) showing the date of admission to the school, the child's date and place of birth, and the name(s) and place(s) of birth of the parent(s);
- Adoption Finalization Papers showing the child's name and place of birth

2. Refugee

- USCIS Form I-94 showing entry as refugee under Section 207 of the INA and date of entry into U.S. (The arrival date is the date used to determine entry date.); or
- USCIS Form I-688B annotated 274a.12(a)(3) (The arrival date is the date used to determine entry date.); or
- USCIS Form I-571; or
- USCIS Form I-551 or I-151 with codes RE1, RE2, RE3, RE4, RE5, RE6, RE7, RE8, RE8b, RE9, IC6 or IC7. (These codes show the individual's status was changed from refugee to lawful permanent resident.)

3. Alien Lawfully Admitted for Permanent Residence

- USCIS Form I-551 or I-151 (Resident Alien card).
- Unexpired Temporary I-551 stamp in foreign passport or on the I-94 form also verifies the individual is admitted for lawful permanent residence

4. Alien Lawfully Admitted for Residence

- Any INS document indicating individual has approval to reside in U.S. (does not have to be permanent authorization).

5. Cuban/Haitian Entrant

- USCIS Form I-551 with code CU6, CU7, or CH7 (These codes show the individual's status was changed to lawful permanent resident.)
- USCIS Form I-94 with code CU6 or CU7, or stamped Cuban/Haitian Entrant under Section 212(d) (5) of the INA (The arrival date is usually the date of designated status.)
- Unexpired temporary I-551 stamp in foreign passport or

6. Amerasian Entrant

- USCIS Form I-551 with code AM6, AM7, or AM8 (These codes show the individual's status was changed to lawful permanent resident.)
- USCIS Form I-94 with code AM1, AM2, or AM3 (The arrival date is usually the date of designated status.)
- Unexpired temporary I-551 stamp in foreign passport.

7. Alien Who Has Been Battered or Subjected to Extreme Cruelty

- USCIS Form I-551 annotated with IB6, IB7, IB8; or
- Other INS documentation of battered status – contact State Office for clarification.

8. American Indians - Verification of 50% American Indian blood

- Enrollment documents, birth records, affidavits from tribal officials, USCIS Form I-181 or I-551 annotated with KIC, KIP or S13 or other acceptable documents can be used as verification of 50% American Indian Blood.
- A Blood Quantum letter containing information from the individual's Band, Tribe, Nation stating the individual's blood quantum, which must be at least 50% aboriginal blood can also be used as verification of 50% American Indian blood. The document may contain the following verbiage:
 - . . . at least 50% Aboriginal blood
 - . . . at least 50% Indigenous blood
 - . . . at least 50% North American Indian blood
 - . . . at least 50% American Indian blood

Note: The Blood Quantum letter can be used to show that an individual possesses at least 50% blood of the American Indian race, but cannot be used to show that an individual does not possess at least 50% blood of the American Indian race when the parents are enrolled in different bands,

tribes, or nations. If the letter does not show an individual possesses at least 50% blood of the American Indian race, verification should be obtained from the band, tribe, or nation where the other parent is enrolled.

9. Iraqi and Afghani Special Immigrants

- Iraqi passport with immigrant visa stamp noting the individual has been admitted under IV (Immigrant Visa) Category SQ1, SQ2, SQ3, and Department of Homeland Security (DHS) stamp or notation on passport or I-94 showing date of entry; or
- Afghan passport with an immigrant visa stamp noting that the individual has been admitted under IV (Immigrant Visa) Category SQ1, SI1, SQ2, SI2, SQ3, SI3; or
- DHS Form I-551 showing Afghan nationality or Afghan passport, with an IV (Immigrant Visa) code of SQ6, SI6, SQ7, SI7, SQ9 or SI9.

10. Victim of Human Trafficking

- "T" visa or Certification Document from the Office of Refugee Resettlement (ORR).

Social Security Number 400-28-50-30

(Revised 11/1/11 ML #3295)

[View Archives](#)

Disclosure of the Social Security Number (SSN) is **voluntary** and is requested for the purpose of accurate identification. Failure to disclose the SSN will not affect participation in this program. A hard copy of the SSN cannot be required.

The SSN for the caretaker and for each child requesting Child Care Assistance Program (CCAP) benefits may be provided by the caretaker.

If a caretaker or child does not have a SSN when application for CCAP is made, the eligibility worker may assist the family in the application process for a SSN if they choose to apply for a SSN.

If the SSN is not provided for either the caretaker or the child for whom assistance is being requested, the eligibility worker will assign a number for the caretaker whose name the case will be in and to the child(ren) who are requesting CCAP. The first three digits will be "999". The second two digits will be that of the county and the last four digits will be the next available number from the county roster.

Each county should keep a log of such cases so that numbers are not duplicated.

Example: If the family resides in Barnes County, the number will be 999-02-0001 for the caretaker. The child's number will be 999-02-0002. If there are more children, continue in numerical order with the last four digits.

If another family applies who need numbers assigned to them, they should be given the next available number on the county roster.

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

Once a number is assigned by the eligibility worker, the number follows that individual regardless of the county the individual resides in, and is only updated if the caretaker provides the actual SSN.

If the caretaker provides their SSN but not the SSN for the children, use the SSN for the caretaker to establish case identification and assign a number for each child requesting CCAP using the process above.

If at a later date the caretaker provides an SSN for the caretaker and/or any eligible children, the number in the CCAP system is changed from the assigned number to the SSN.

In situations where there is a discrepancy (i.e. duplicate numbers for the same individual, the same number for two different individuals, etc), a copy of the SSN card may be requested but cannot be required.

Allowable Activities 400-28-55

Allowable Activities 400-28-55-05

(Revised 7/1/16 ML #3472)

[View Archives](#)

Caretakers must be participating in an allowable activity to be eligible for assistance under the Child Care Assistance Program (CCAP).

The following are allowable CCAP activities **at application and review**:

1. **Work** – Work is an activity in which an individual is engaged through employment or self-employment. Work must entail personal involvement and effort on the part of the applicant or recipient.

The following are allowable work activities:

- Paid employment
 - Paid work studies, internships or assistantships (this includes when an individual is in a non-allowable postsecondary education program).
- Self-employment

Note: Child care providers must be licensed, self-declared or registered by a tribe in order to be considered an allowable activity. Approved relative providers are not considered to be in an allowable activity.

2. **Education or Training** - Child care relating to an allowable education or training activity.

Allowable postsecondary education includes:

- Certificate

- Associate's degree
- Bachelor's degree

CCAP may pay eligible child care costs for individuals pursuing a certificate, Associate's degree or Bachelor's degree provided the individual has not already earned a Bachelor's degree.

NOTE: Payment of postsecondary educational related child care costs incurred by an individual who already has earned a Bachelor's degree is prohibited. See policy in 400-28-60, Non-Allowable Activities.

Required activities related to the pursuit of a post-secondary degree (student teaching, internships, etc.) may be considered allowable activities.

If an individual has already earned a certificate or Associate's degree, eligible child care costs are allowed if the individual is continuing to pursue another allowable education activity and has not earned a Bachelor's degree.

Attending high school or alternative high school or pursuing a GED is an allowable activity even if the individual is not participating in Crossroads.

Traditional high school "attendance" is defined by the Department of Public Instruction (DPI) as:

- Full-time - 4 or more classes
- Part-time - less than 4 classes
- Attendance in an alternative high school setting for full-time/part-time as identified by the school

GED may be full time/part-time.

If a high school diploma or GED is not required to receive a certificate, it is considered training and is not considered postsecondary education.

Example: A Certified Nurse Assistant (CNA) certificate is NOT considered postsecondary education as a high school diploma is not required to receive a CNA certificate.

Allowable Training includes but is not limited to:

- Basic remedial education
- Training designed to assist an individual to achieve basic literacy
- Training needed to secure or retain employment which includes skills and technology training
- Vocational Training (trade school or career school)
- Individuals who are participating in classes for English as a second language.
- Internet Classes – Child care related to completing on-line computer classes that meets the allowable education or training requirements is an allowable activity.
- Vocational Rehabilitation education plans must follow CCAP education requirements.

The following are allowable CCAP activities **after initial eligibility** has been established:

1. Job Search - Job search is not an allowable activity at the time of application or review. Job search hours can only be allowed in ongoing cases after a case has been approved for work, education or training.

In households with two caretakers, if one caretaker is in an allowable activity (work, education or training) and the other caretaker only has job search as an activity, the application or review must be denied.

Exception:

Job search hours are allowable at the time of application or review for households that are also in receipt of Diversion, TANF or Transition. Job search hours must be listed on the most recent JOBS employability plan.

Example 1:

Mom applies for CCAP on May 5th listing her only allowable activity as job search. The application must be denied as job search is not an allowable activity at time of application.

Example 2:

Mom applies for CCAP on June 16th and had a job at the time of application. The case is approved based on mom's work schedule. Mom reports on September 13th that she lost her job and is now job searching. Child care can be allowed for the time mom searches for a job.

Example 3:

Dad applies for CCAP on October 2nd listing his allowable activities as education and job search. The application can be approved for education hours only, as job search is not an allowable activity at time of application.

Child care for job search is allowed for eight weeks in a calendar year. When a household includes two caretakers, each caretaker is eligible for eight weeks of job search per calendar year. Job Search hours are limited to 20 hours per week. No additional hours are allowed for travel and breaks.

Exception:

TANF recipients must follow the JOBS program guidelines, therefore, the 20 hours per week limitation and 8 weeks within a calendar year limitation does not apply to TANF recipients who are participating in the JOBS program and their JOBS employment plan includes 'Job Search'.

The caretaker(s) must provide a written and signed statement with the dates, time and the job search activity they were participating in (example: submitting the date and time they were submitting applications, interviews). If this is not provided with the Child Care Billing Report form, the hours are not considered allowable.

2. Parental Leave – Parental Leave includes maternity, paternity and adoption leave. Parental leave is not an allowable activity at the time of application or review. Leave hours can only be allowed in ongoing cases after a case has been approved for work, education or training. The caretaker must intend to return to their employment, education or training.

In households with two caretakers, if one caretaker is in an allowable activity (work, education or training) and the other caretaker only has paternity leave as an activity, the application or review must be denied.

Example 1:

Mom applies for CCAP on May 5th listing her only allowable activity as parental leave. The application must be denied as parental leave is not an allowable activity at time of application.

Example 2:

Mom applies for CCAP on June 16th and had a job at the time of application. The case is approved based on mom's work schedule. Mom reports on September 13th that she is now on parental leave. Child care can be allowed for the time mom takes for parental leave.

When an ongoing household includes two caretakers, each caretaker is eligible for eight weeks of parental leave.

Child care for parental leave is allowed for eight weeks in a calendar year. The level of care must continue at the same level that was established before the caretaker went onto parental leave. No additional hours are allowed for travel and breaks.

Allowable Activities for TANF Recipients 400-28-55-10

(Revised 10/1/12 ML #3348)

[View Archives](#)

The Child Care Assistance Program (CCAP) can pay child care for TANF recipients only if the allowable activity is identified and the child care is approved on the Job Opportunities and Basic Skills (JOBS) or Tribal Native Employment Works (NEW) Program employability plan. Child care costs for any JOBS/Tribal NEW Program allowable activity not identified on the employability plan cannot be paid through CCAP. Participation in activities for the JOBS or Tribal NEW, including periods of time a TANF recipient is required to complete a Proof of Performance (POP) are considered allowable activities for TANF recipients.

If an individual is meeting their JOBS/Tribal NEW program requirement, CCAP can pay for any approved activities listed on the employability plan.

When a TANF recipient, who is required to participate in the JOBS/Tribal NEW Program, is not participating, child care will be paid for any activity the individual is participating in that is listed on the latest employability plan until the TANF case closes.

Example: Mom is required to participate in the JOBS Program in Job Search but fails to provide information to her case manager. The case manager completes the 'good cause' process and a sanction is imposed for October.

If Mom submits child care expenses for the months of September and October while searching for a job, since the latest employability plan lists her activity as Job Search and Mom continues to be a JOBS participant through October 31st, the child care expenses for September and October while searching for a job can be paid.

Should the child care expenses for the months of September and October be a result of an activity not listed on the employability plan, those child care expenses cannot be paid unless mom begins

participating in the JOBS program and a new employability plan is received that includes these activities.

TANF recipients who are participating in the JOBS program may have educational activities approved on their employability plan even though the education is not a requirement to be in compliance with their JOBS program participation. Education which is approved on the Employability Plan does not have to meet the allowable education criteria under the Child Care Assistance Program (CCAP). When the TANF case closes, education must follow regular CCAP rules.

Example: A TANF recipient's JOBS Employability Plan lists JOBS activities and the recipient is attending education which is not listed on the Employability Plan. The child care **cannot** be reimbursed because the activity is not included on the JOBS Employability Plan even if the education meets CCAP's allowable education criteria.

Example: A TANF recipient's Employability Plan list JOBS activities and education. Regardless of whether the education plan meets CCAP allowable education requirements, the child care costs relating to the education **can** be reimbursed as the education is approved on the JOBS Employability Plan.

This policy does not apply to Post-TANF.

Financial Eligibility Requirements 400-28-65

Assets 400-28-65-05

(Revised 7/1/16 ML #3472)

[View Archives](#)

Federal law requires that a family's assets do not exceed \$1,000,000. The applicant or other household members may self-certify at the time of application or review that the household's assets do not exceed the asset limit.

If the household self-certifies that total assets are less than the asset limit, and it is not questionable, no further action needs to be taken.

If the household indicates that the household's assets exceed the asset limit or if the household self-certifies assets are less than the asset limit but the assets are questionable, refer to Countable Assets 400-28-65-07 and Asset Exclusions 400-28-65-09 to determine which assets are countable.

Countable Assets 400-28-65-07

(New 7/1/16 ML #3472)

[View Archives](#)

In determining the assets of a household, the following must be included and documented in detail.

Assets of Crossroads, Diversion, TANF or Transition households are not counted but must be documented and verified if questionable.

Liquid Assets

Types of liquid assets include but are not limited to the following:

- Cash on hand.
- Money in checking or savings accounts.
- Stocks or bonds.
- Lump sum payments (counted as assets in the month in which they are received unless excluded by Federal law).

To arrive at the countable cash value for any account or plan that applies penalties for early withdrawals, subtract the amount of the penalty (if any) from the value of the account or plan.

If the account or plan has been used as collateral or if a lien has been placed on the account or plan, only the equity value available is counted.

Money in a checking or savings account must not be counted as income and as an asset in the same month. Workers must exclude any current month's income deposited in a checking or savings account.

If a check has been written and sent to the payee, even if it has not yet been cashed, the money is not available for other purposes and is

deducted from the account balance. The check register is used as verification of outstanding checks.

Many benefit programs deposit an individual's monthly benefit onto a debit card. Any balance remaining on these debit cards is considered a liquid asset beginning the month following the month it was deposited on the card and counted as income.

EXAMPLES:

- **Unemployment Insurance Benefits (UIB)**
- **Child Support Benefits**
- **Workforce Safety and Insurance (WSI)**
- **Social Security Administration Benefit (SSA)**

Non-Liquid Assets

Types of non-liquid assets include but are not limited to the following:

- Personal property
- Buildings
- Land
- Recreational properties
- The value of a Contract for Payment

The value of a contract in which payments are current is equal to the total of all outstanding payments of principal required to be made by the contract, unless evidence is furnished that establishes a lower value.

The value of a contract in which payments are not current is an amount equal to the current fair market value of the property subject to the contract. If the contract is not secured by property, the value of the contract is the total of all outstanding payments of principal and past due interest required to be made by the contract.

In situations where the contractual right to receive money payments is not collectable and is not secured, the debt has no collectable value, and thus no countable asset value. An applicant or recipient can establish that a note has no collectable value if:

- a. The debtor is judgment proof. A debtor is judgment proof when money judgments have been secured, an execution has been served against the debtor which has been returned as wholly unsatisfied, and the debtors affidavit and claims for exemptions exempt all of the debtors property; or
- b. The applicant or recipient verifies the debt is uncollectible due to a statute of limitations. A satisfactory verification includes an attorney's letter identifying the statute and facts that make a debt uncollectible due to a statute of limitations.

The value of non-exempt assets is the equity value. The equity value is the fair market value less the amount owed.

Asset Exclusions 400-28-65-09

(New 7/1/16 ML #3472)

[View Archives](#)

The following list is all of the assets that are excluded for all household members includes, but is not limited to:

1. Assets having cash value which are not accessible to the household.

Examples:

- Property in probate.
- Inheritances not yet received.
- Real property which the household is making a good faith effort to sell at a reasonable price and which has not been sold.

If questionable the worker must verify that the real property is for sale and that the household has not declined a reasonable offer. Verification could include collateral contact or documentation, such as an advertisement for public sale in a newspaper of general circulation or a listing with a real estate broker.

2. Assets of Crossroads, Diversion, TANF or Transition households are not counted but must be documented and verified if questionable.
3. The home and surrounding property that is not separated by property owned by others. Roads running through the property will not affect the property exemption.

The home and surrounding property remain exempt when temporarily unoccupied because of employment, training for future employment, illness, or un-inhabitability caused by casualty or natural disaster, if the household intends to return.

Households not currently owning a home but who own or are

Child Care Assistance Program

purchasing property on which they intend to build or are building a permanent home, receive exclusion for that value.

4. Real property that is being farmed, produces rent, or is otherwise operated as a business by the applicant household is NOT counted in the determination of assets. The real property must be producing income commensurate with prevailing rental or leasing rates in the community. However, the income produced by this real property is included under the income limitations for eligibility.

Payments received from mineral leases are included as income. Bonus payments on mineral leases (usually a one-time payment) are also to be added to the annual income.

5. Household or personal goods (i.e. furniture, appliances, jewelry, clothing, antiques, collections, etc.).
6. All vehicles of all household members.
7. All assets of all children in the household.
8. Any funds designated for educational costs.
9. The cash value of life insurance policies.
10. A loan from any source with written documentation or verification that the loan is subject to repayment.
11. All tax-preferred retirement accounts. These include but are not limited to:
 - State Retirement
 - Teacher's Retirement
 - 457 plans
 - 401(k) plans
 - Federal employee thrift savings plans

- 403(b) plans
- 501(c)(18) plans
- Keogh plans
- Individual Retirement Accounts (IRA's)
- Simplified Employer Pension Plans (SEPs)

If withdrawn, they become an available asset in the month received.

12. Any funds in a trust or transferred to a trust, and the income produced by that trust if it is not available to the household.
13. Assets that are excluded by express provision of federal statute for American Indians or Alaska Natives. Usually a law will specify payments to members of a tribe or band, and the law will apply to the members enrolled in the tribe or band wherever they live. The individuals should have documentation showing where the payments originate. These payments include, but are not limited to the following:
 - a. Indian per capita payments distributed from judgment awards and trust funds up to \$2,000 per person per payment. Amounts in excess of \$2,000 are considered a countable asset.
 - b. Interests of Indians in trust or restricted lands.
 - c. Up to \$2,000 per year of Individual Indian Monies (IIM) received by individual Indians which is derived from leases or other uses of individually owned trust or restricted lands.

Exception:

The \$2000 exemption does not apply to inheritance, bonuses, and other income that is not derived from leases, trust or restricted land.

Client statement is acceptable verification of the amount in an IIM account unless:

Gross income is the income before deductions for taxes, social security or any other items. The gross income, earned and unearned, of all household members including the members in a loco parentis household, stepparent, and unmarried couples where paternity of at least one child in common is acknowledged or adjudicated, will be used for the Child Care Assistance Program (CCAP).

Income is the gain or benefit, earned or unearned, derived from labor, business, capital, or property which is received or is available to CCAP unit for current maintenance. It is considered when actually available and when the applicant or recipient has a legal interest in a liquidated sum and has the legal ability to make such sum available for support or maintenance.

The gross countable income for all members of the child care assistance unit and the caretaker temporarily away from home or in military service is counted.

Earned income of children under age 19 is not counted.

Unearned income of children under age 19 who must be included in the Child Care Assistance Unit is counted.

Earned income is profit from activities in which an individual is engaged through employment. Earned income must entail personal involvement and effort on the part of the applicant or recipient.

The following types of earned income are countable:

1. Wages and salaries including:

- Paid sick, vacation and holiday leave
- Commissions
- Wages garnished by the employer
- Advances are counted when received
- Tips. When tips are not shown on wage stub, the recipient's statement as to the amount of tips received each month is adequate if consistent with place, type of employment and number of hours worked.
- Bonuses.
 - Recurring bonuses are counted. At application or review, the worker must verify the last bonus received. The verified amount is then prorated over the period of time intended to cover and used in the new review period. Non-recurring bonuses are excluded.

2. Self-Employment

3. Employment Contracts.

4. Wages received by an individual or Qualified Service Provider (QSP) for providing services under Family Home Care, when the individual is

employed by an agency. (When an individual or QSP is not an employee of an agency, the income is considered self-employment.)

5. Short term or long term disability or loss of time insurance payments for illness or injury paid by the employer.

EXCEPTION: Short term or long term disability or loss of time insurance payments for illness or injury paid by someone other than the employer is unearned income.

6. In-kind income is paid or given in goods, credit, including in-store credit or services instead of money. In-kind income is considered earned income when the individual has the option to receive a wage or monetary payment.

The value of the goods received may have been verbally negotiated or specified in a written document and must be verified. Otherwise a mutually acceptable market value must be negotiated.

Example:

An individual working as an apartment manager receives a \$330 deduction from the rent. The \$330 deduction would be counted as income when the employee has the option to receive payment of \$330.

7. Income earned by higher education students from internships, or stipends, teaching assistantships, or fellowships which require work participation to receive the income

EXCEPTION: Wages earned under the Federal Work Study Program are excluded.

8. Military Pay, including:
 - a) Basic Allowance for Subsistence (BAS) and Family Subsistence Supplemental Allowance (FSSA) for members of the armed forces.

b) Variable Housing Allowances (VHA), Basic Allowance for Quarters (BAQ) and Basic Allowance for Housing (BAH) paid to military personnel for housing costs.

c) Military re-enlistment bonus.

If a household receives up to 50% of the bonus amount as an initial payment with the remainder paid in equal annual installments, the initial payment and the annual installments are annualized.

If a household receives the bonus as a lump-sum payment, it is excluded as a non-recurring lump-sum payment.

9. Wages received by an individual enrolled in a Job Corps Program, when the wages are not provided by the Job Corps Program.
10. Sheltered workshop employment - An organization that employs people with disabilities.
11. Earnings from on-the-job training
12. Compensation for jury duty
13. Compensation for plasma donations, participation in medical studies, etc.
14. Alternative Trade Adjustment Assistance/Reemployment Trade Adjustment Assistance wage subsidy, provided under the Trade Adjustment Assistance (TAA) Extension Act of 2011. This wage subsidy is paid to eligible workers over the age of 50 and pays a portion of the individual's wage (the difference between the individual's new wage and old wage).

Earned income received on a **regular** basis is considered received in the month available and normally received.

Note: When the receipt of **regular** income varies because of weekends or holidays, the income must continue to be counted in the month it would have normally been received or considered available had there not been a weekend or holiday.

Example #1: A pay check normally received on the first day of January is paid prior to January 1, due to the holiday. This income should be budgeted as received in January.

Example #2: An individual normally paid on December 31 is paid after January 1. This income should be considered as received in December.

Earned income received on an **irregular** basis is considered received in the month it is actually received.

Note: For an individual who has irregular earnings, a pay check may not be received each pay period. Even if the income is not received every pay period, the income is still considered received in the month it is actually received. When the receipt of irregular income varies because of weekends or holidays, the income must continue to be counted in the month it would have normally been received or considered available had there not been a weekend or holiday.

Wages held at the request of an employee shall be considered income in the month normally received.

Earned Income Received on a Contractual Basis

[View Archives](#)

[NDAC 75-02-01.3-07](#)

Contract income is a contracted wage which covers a specified period of work, usually 12 months or less. A contract for income must be written and the salary amount identified in the contract.

Examples:

School teachers, bus drivers, coach, etc.

Individuals who receive contract income which is renewable on a yearly basis and is intended as their annual income must have this income averaged over a 12-month period.

If the contract indicates an hourly wage and the employer verifies the contract is for a predetermined total salary amount, the income is considered contract income.

If the contract indicates a predetermined total salary amount, but the individual is paid based on the number of hours worked or the amount of work that was completed, it is not contract income and is treated as normal earned income.

Example:

John signed a contract for 9 months as a school janitor and the contract states he will receive \$9000 in monthly installments. John states the income is intended for his annual support.

If John is paid \$1000 every month regardless of the hours he works, it is a true contract situation and we would budget \$9000 by 12 months = \$750 monthly.

However, if John's monthly wages vary by the number of hours he works per month; it is not a true contract because John is being paid by the hour, not by the contract amount. (For example, one month his wage shows 160 hours x his hourly wage and 20 hours of overtime, and the next month shows 100 hours x his hourly wage, and the pay is equal to the hourly rate.) John's income would be budgeted as received in this situation, not annualized or averaged over the period of the contract.

Individuals who receive contract income that does not represent their annual income must have the income prorated over the period of time intended to cover. The monthly amount is not counted until the budget month that the individual will actually receive a check.

Example:

Ongoing household reports in November that they entered into a coaching contract for the months of November, December, January and February. The contract is for \$2,000 with a one-time payment on February 15. Since this contract does not represent the household's annual income, the \$2,000 must be prorated over 4 months. \$500 is used for February to determine if the total household income exceeds the household's income limit.

When an applicant initially applies and has a new contract or an ongoing household initially starts receiving contract income and the income represents their annual income, the income is annualized. The monthly amount is not counted until the budget month that the individual will actually receive a check.

Example:

A household applies in June and has a contract to start teaching in August. The income from the contract must be annualized; however, the first month that any contract income would be counted is August. The income is used for August to determine if the total household income exceeds the household's income limit.

All earned income received by the family must be verified.

The primary verification of declared earnings is the pay record (pay stubs, etc.) verifying the gross wages received paid by the employer.

Documents or records available to verify earned income include but are not limited to the following:

- Pay stubs
- Employer's wage records
- A statement from the individual's employer that includes the name of the business, the name of the person who completed, signed and dated the form, along with the position they occupy in the business
- A copy of the contract if income is received on a contractual basis

If unearned income is withheld for:

- Child support or taxes, the gross amount must be counted.
- Repayment of an overpayment from the same source, the net amount must be counted.
- Repayment of another source, the gross amount must be counted.

Examples:

1. Back Taxes
2. Defaulted Student Loan

When unearned income is held at the request of an individual, it is considered income in the month normally received.

The following types of unearned income are countable:

1. Payments from Social Security Administration:

- Retirement, Survivors, and Disability Insurance (RSDI)
- Supplemental Security Income (SSI)

Lump sum retroactive adjustments from Social Security due to changes in an individual's earnings record will be considered as follows:

If the individual received SSA benefits AND had earnings in the year prior to the adjustment, the adjustment will be considered a recurring lump sum benefit.

If the individual did not receive SSA benefits OR did not have earnings in the year prior to the adjustment, the adjustment will be considered

a non-recurring lump sum benefit.

2. Unemployment and Workforce Safety and Insurance

These benefits are paid on an Electronic Benefits Card and are considered income:

- a. On the date received; or
- b. When available and the recipient has a legal ability to access the income for support or maintenance.

If the household cannot verify the date of actual receipt, the receipt date is deemed to be either:

- a. The date funds were deposited into the account based on a bank statement from U.S. Bank or their personal bank account; or
- b. Two working days after the date the WSI or UIB was processed.

3. Other benefits, including but not limited to:

- Monthly or regular payments from annuities, pensions and other retirement plans (including dividends and interest). Penalties if any should be deducted from the gross disbursement amount.
- Disaster Unemployment Benefits
- General Assistance
- Income deemed to a community spouse
- Military Allotment received from non-household member.

- Short term or long term disability or loss of time insurance payments for illness or injury paid by someone other than the employer (AFLAC, CIGNA, Thrivent, etc.).
 - Railroad benefits
 - Veterans benefits other than those designated for education
 - Union Compensation during strikes
4. Child Support and Spousal Support - Court-Ordered and Voluntary
 5. Unearned income as a result of self-employment.
 6. Tribal Payments and Individual Indian Monies (IIM) Accounts
 7. Recurring Lump Sum Payments are those payments that can be reasonably anticipated to be received more than once. Payments may be recurring monthly, quarterly, yearly, etc.
 8. Recurring payments are prorated over the period of time intended to cover.
 9. Cash Contributions received on a regular basis that can be reasonably anticipated.
 10. Contracts for Payment. When an applicant or recipient has sold property with a contract to receive a series of periodic payments, rather than one payment, the arrangement is usually called a "contract for deed". The essential feature of the contract for deed is the right to receive future payments, usually coupled with a right to get the property back if the payments are not made. Contractual rights to receive money payments also arise out of other types of transactions. The valuable contract document may be called a note, accounts receivable, mortgage, or by some other name.

Service 400
Chapter 28

NOTE: Some contractual rights may be written so the lender has the right to demand payment at any time. If so, the note is considered a demand note and can be called in at any time. If a note is written so the lender does not have the right to demand payment but the note is in default, it also becomes a demand note. Contractual rights may or may not have collateral or security to guarantee payment.

The payments will include both interest and a portion of the sale price of the property that was sold (principle) and must be calculated separately.

The interest portion of payments received for any contractual right to receive payments (such as Contracts for Deed) must be counted as unearned income. The payment must be prorated over the period of time intended to cover.

11. Refugee Cash Assistance Payments – Payments received under the Refugee Cash Assistance Program or the Wilson/Fish Alternative Program.
12. State Long Term Care Subsidy – Individuals receiving a payment of up to \$20 from the State Long Term Care Subsidy Program.
13. Money deposited into a Joint Checking or Savings Account - Money deposited, when the depositor is not a member of the household, is counted as unearned income in the month in which it is deposited.

EXCEPTION:

If the client's name appears on a signature card, but no member of the household has an ownership interest in that account, funds in the account are not available as income or asset.

14. Money obligated to the household which is diverted by the household for an expense.

Tribal Payments and IIM Accounts

Following is policy regarding the treatment of income distributed to tribal members. These distributions are generally made directly to tribal members or put into an Individual Indian Monies (IIM) Account.

Countable Unearned Income

1. Tribal Distributions from tribal gaming or tribal enterprises distributed to enrolled tribal members (residing on or off a reservation).

Payments made to enrolled tribal members from the proceeds of gaming or gambling businesses are not per capita payments; therefore the income must be counted.

These payments are prorated over the period of time intended to cover with the exception of those noted. These payments include but are not limited to:

- Spirit Lake Social Impact Payments
- Sisseton-Wahpeton Oyate of the Lake Traverse Reservation Quarterly Casino Cash
- Three Affiliated Tribal Elderly Payments
- Three Affiliated Tribe's People's Fund Distributions
- General distributions from tribal revenue.

At application, review and when adding a new member to a case, payments received from the Three Affiliated Tribes People's Fund or general distribution from tribal revenue in the most recent FULL 12 month period are annualized and counted.

Excluded Income

1. Indian per capita payments distributed from judgment awards and trust funds.

25 USC 1407

2. Amounts up to \$2,000 per year per person of monies derived from leases or other uses of individually owned trust or restricted lands are excluded.

25 USC 1408

3. Alaska Native Claims Settlement Act - payments received from a native corporation.

43 USC 1626 (b) (c)

4. Sisseton-Wahpeton Oyate of the Lake Traverse Reservation Food Distribution Program.

5. Monies derived from certain sub-marginal land held in trust for certain Indian tribes. The tribes that may benefit are:

- Bad River Band of the Lake Superior Tribe of Chippewa Indians of Wisconsin
- Blackfeet Tribe
- Cherokee Nation of Oklahoma
- Cheyenne River Sioux Tribe
- Crow Creek Sioux Tribe
- Lower Brule Sioux Tribe
- Devils Lake Sioux Tribe
- Fort Belknap Indian Community
- Assiniboine and Sioux Tribes
- Lac Courte Oreilles Band of Lake Superior Chippewa Indians
- Keweenaw Bay Indian Community

- Minnesota Chippewa Tribe
- Navajo Tribe
- Oglala Sioux Tribe
- Rosebud Sioux Tribe
- Shoshone-Bannock Tribes
- Standing Rock Sioux Tribe

25 USC 459e

6. Spirit Lake Nation incentives and payments for grades issued to individuals attending college.
7. Tribal High School Graduate/GED Payments - Payments from a federally recognized tribe to tribal members who graduate from high school or receive a GED are considered non-recurring lump sum.

Determining Countable Income in Individual Indian Money (IIM) Accounts

Individual Indian Money (IIM) accounts are established for individual trust beneficiaries. These accounts can be created for a number of different reasons. The individual may:

- Be the original allottee of a parcel of land.
- Is an heir to the original allottee of a parcel of Indian trust land and have inherited the land through probate.
- Have received trust asset through a gift deed.
- Have received per capita trust payments from the tribe, a tribal settlement, or a judgment award.

Most IIM accounts receive income from the use or sale of a trust asset, such as agricultural or grazing leases, coal production, timber harvesting, and oil and gas royalties. Funds can also come from a per capita payment, income earned on deposited funds, inheritance, VA, SSA or SSI. Some accounts receive proceeds from an estate account following a probate.

Federal law requires that up to \$2,000 per year of deposits derived from leases, trusts and restricted lands must be excluded.

At application, review or when adding a new household member, verification of the IIM account must be obtained for the most recent FULL 12 month period prior to the month of application.

IIM accounts can be verified in the following ways:

1. Client statement is acceptable when the account balance is less than \$2000 and the income is derived solely from leases, trusts and restricted lands.
2. When client statement is questionable, the balance is over \$2,000, or the account includes income from sources other than leases, trusts and restricted lands verification is required:
 - a. Request for verification of IIM account information using form SFN 413, Individual Indian Monies Account. This form will need to be notarized per requirements of the United States Department of the Interior, Office of the Special Trustee for American Indians, Office of Trust Funds Management. These releases are valid for one (1) year and must be renewed annually.
 - b. Individuals with IIM accounts receive statements from the Office of Trust Funds Management on a quarterly basis. A copy of this form may be requested from the recipient. However, the recipient will not receive the statement if the Office of Trust Funds Management does not have a current address.
 - c. The individual may obtain a statement of their IIM account directly from the Office of Trust Funds Management through the Bureau of Indian Affairs (BIA) by requesting the information in person or by making a telephone request. In both cases, the individual will need to know their account number and provide at least two forms of identification.

Once verification is received the amount of countable income is calculated as follows:

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

1. Subtract any deposits that are not derived from leases, trusts or restricted lands. These sources of income would be considered separately based on policy.
2. The remaining deposits would be totaled for the twelve-month period.
3. Deduct the \$2000 disregard. (The result is the annualized countable income)
4. Divide the annualized countable income by 12 to determine the monthly countable unearned income.

New Source of Income

When a new source of income is identified during the most recent FULL 12 month period the amount of countable income is calculated as follows:

1. Subtract any deposits that are not derived from leases, trusts or restricted lands. These sources of income would be considered separately based on policy.
2. Subtract the new source income from each month the income was received.
3. The remaining deposits would be totaled for the twelve-month period.
4. Total the new source income and divide by the number of months it was received. Multiple by 12 to determine a new annual amount of the new source income.
5. Add the annual amount of the new source income to the total of the remaining deposits.
6. Deduct the \$2000 disregard. (annualized countable income)
7. Divide the annualized countable income by 12 to determine the monthly countable unearned income.

19. Property Tax relief.
20. Loans that require repayment. A loan must be verified with a written agreement between the parties executed at the time the loan was agreed upon.
21. When monies are received and used by a household for the care and maintenance of a non-household member, the portion of the payment that is identified as belonging to the non-household member is excluded.

If the non-household member's portion cannot be identified, the payment is divided equally among the individuals for whom the payment is intended and the exclusion is applied to either the portion or the amount actually used for the non-household member's care, whichever is less.

Examples:

1. The out-of-home allowance paid by TANF for children in boarding school or under the Voluntary Placement Program.
2. TANF grant amount for students away at school (the student is not counted as a member of the household either).
3. A parent is receiving court ordered child support of \$350 per month for two children (prorated to \$175 per child). The parent reports that one of the children went to live with the grandparents. The parent sends \$175 of the monthly child support check to the grandparents for the care of the child. Only \$175 would be counted as unearned income to the parent and remaining child. The \$175 sent to the grandparents is not counted as income to the parent. If the parent does not send any of the \$350 monthly child support to the grandparents, the \$350 is counted as unearned income

for the parent and remaining child. If the parent sends \$200, only the prorated \$175 would be excluded.

22. Census Income.
23. Trade Adjustment Assistance (TAA) - The following payments made to individuals under the Trade Adjustment Assistance (TAA) Extension Act of 2011:
- **Training Readjustment Allowances** - A wage subsidy available in the form of weekly cash payments to workers who are enrolled in a full-time training course;
 - **Job Search Allowance** - A cash allowance provided to workers who cannot find an available job within the commuting area, which is used to cover transportation costs, etc.
 - **Relocation Assistance** - A cash allowance provided to workers who have to accept a job outside of their commuting area and relocate.
 - **Health Coverage Tax Credit** - A tax credit offered to TAA participants to help pay for the health insurance premiums of the worker and their family.
24. Earned or unearned income set aside for the fulfillment of a Plan for Achieving Self-Support (PASS) under Title XVI of the Social Security Act (SSI).
25. Monetary gifts received by household members for special occasions such as birthdays, graduation, holidays, etc.
26. Infrequent or irregular income, both earned and unearned, that cannot be reasonably anticipated.
27. Gift Cards and Gift Certificates.

Lump Sum Payments 400-28-65-20

Nonrecurring Lump Sum Unearned Income Payments 400-28-65-20-05

(Revised 10/1/11 ML #3278)

[View Archives](#)

[NDAC 75-02-01.3-07](#)

Unearned income received on a non-recurring or irregular basis is considered nonrecurring lump sum payments and are not countable.

Nonrecurring lump sum payments are limited to only those payments that can reasonably be expected not to occur again. Examples of nonrecurring lump sum payments include, but are not limited to:

- Lump sum payments from Social Security
- Lump sum payments from Railroad Retirement
- Lump sum payments from Veterans benefits
- Lump sum payments from Workforce Safety and Insurance
- Lump sum payments from Unemployment Compensation
- Military Re-enlistment payments
- Insurance settlements
- Inheritances
- Contests
- Gambling winnings
- Severance pay (represents a nonrecurring compensation outside of regular earnings)
- Income tax refund
- Employee's withdrawal of a retirement fund taken in a lump sum payment
- Supplemental Security Income (SSI) back payment
- Bonus payments on mineral leases

For treatment of lump sum earned income, see Section [400-28-65-10-20](#), Earned Income - When Received.

(Revised 11/1/11 ML #3295)

[NDAC 75-02-01.3-07](#)

Unearned income received on a recurring or regular basis is considered recurring lump sum payments. This income is countable and must be prorated over the period the payment is intended to cover.

Recurring lump sum payments received after application for the Child Care Assistance Program are prorated over the number of months the payment is intended to cover.

Note: The prorated lump sum payment must continue to be counted if the case closes and then reopens during the prorate period or within the following prorate period. This prevents cases from being closed temporarily to avoid using the lump sum income.

Examples of recurring lump sum payments include, but are not limited to:

- Land rental income
- CRP
- IIM monies
- Mineral Royalty/Lease Income

For treatment of *Earned Income* lump sum payments, see Section [400-28-65-10-20](#), Earned Income - When Received.

Terminated Source of Income 400-28-65-25

(Revised 11/1/11 ML #3295)

[View Archives](#)

NDAC 75-02-01.3-07

Income is considered a terminated source of income when the final payment of income is received in the month prior to, the month of, or the month following the month:

- The application is received;
- The 6 month review is due;
- The case changes from Waived Co-pay to Co-pay

If at application, 6 month review, or when a case changes from Waived Co-pay to Co-pay and the caretaker indicates income has ended from any source, the caretaker must provide verification of the terminated source and the last date it was received. Since income eligibility is determined prospectively, this income would not be used as it is not an ongoing source of income and will not be received during that certification period.

Note: If verification of the terminated source income and the last date it was received is not provided, the application must be denied or the case closed.

If a caretaker is requesting child care for the month prior to the month of application and the caretaker indicates income has ended from any source, the caretaker must provide verification of the terminated source and the last date it was received. All actual gross income received in the prior month is used to determine eligibility for the prior month including terminated sources of income.

When adding a person to an ongoing case and the caretaker indicates the added individual's income ended from any source, the caretaker must provide verification of that individual's terminated source of income and the last date it was received. That income would not be used as it is not an

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

ongoing source of income and will not be received during the remainder of the certification period.

Note: Gross income of existing individuals in the case continues to be counted until the next review whether or not the existing individual's income terminates.

If a caretaker in an ongoing case reports that income from a specific source is terminated, no changes in income are made as changes in income do not affect eligibility during a certification period.

Allowable deductions are deducted from gross countable income. Allowable deductions must be verified. If the allowable deductions are not verified, they cannot be allowed.

The only allowable deduction from gross countable income is court ordered child/spousal support paid, including arrearages.

If eligibility is being determined for a prior month, policy that applies to allowable income deductions is found in Section 400-28-70-10, Converting Allowable Income Deductions.

If eligibility is being determined prospectively for allowable income deductions, policy that is applied to income is applied to allowable deductions and is found in the Child Care Assistance Program manual section 400-28-75, Budgeting for the Child Care Assistance Program.

A household must be given the opportunity to verify allowable deductions. If a household has been given that opportunity and does not provide the verifications, the case is processed without consideration of the claimed deductions.

If deductions are not provided when requested, but provided after the case has been processed, the deductions cannot be used. The household will be given the opportunity to claim those expenses at the next application, 6

month review and when a case changes from Waived Co-pay to Co-pay to provide current information.

If a household member was being allowed deductions and leaves the household, the allowable deduction is removed when the household member is removed.

Court ordered child or spousal support paid, including arrearages, are allowable deductions. Any other private arrangement for child/spousal support being paid, which are not court ordered is not allowed even if the individuals have a mutual agreement.

Court ordered child or spousal support payments made to an individual outside the home or to an agency must be allowed even if the child or spouse for whom the support was paid is a household member.

If child or spousal support is being withheld from income as a result of a court order (income withholding) and this is reflected on the paystubs and the child support is going to the ND State Disbursement Unit, any other disbursement unit or Clerk of Court (which verifies that it is actually being received by that unit), use the amount on the paystub and the obligor's pay date to determine the date paid. In this situation, the obligor has paid the monies per the court order and how long it takes the employer to get the monies to the State Disbursement Unit, other disbursement unit, or Clerk of Court and when the monies are released to the obligee does not affect the fact that the obligor has paid and for Child Care Assistance Program (CCAP) purposes will be considered paid at the time the monies are taken from the paycheck.

If court ordered child support or spousal support is being paid directly by the obligor to the ND State Disbursement Unit, or other disbursement unit, or Clerk of Court verification of monies being received by the ND State Disbursement Unit, any other disbursement, or Clerk of Court must be provided. In this situation, CCAP will consider that the obligor has paid the

monies when the monies are received by the ND State Disbursement Unit, any other disbursement unit, or Clerk of Courts.

If the obligor's income is from a new source and there are no actual pay stubs that reflect the amount of court ordered child or spousal support being deducted, the court order, information obtained through FACSES, another disbursement unit, or clerk of court would be used.

Any garnishments – whether from earned or unearned income - are not excluded. The total gross income (to include the amount garnished) must be counted.

Overpayment being deducted from payments such as Social Security Disability, Survivors and Retirement, Supplemental Security Income (SSI), and Veteran's Administration (VA) benefits are normally considered to be available because the applicant or recipient can pursue a waiver of the overpayment. Only if the waiver has been denied after a good faith effort, can the overpayment deductions be considered unavailable.

Occasionally other delinquent debts owed to the federal government may be collected from an individual's benefit. These other reductions of benefits are not allowed to reduce the countable benefit amount. The award amount of the benefit is counted as available.

Converting Income 400-28-70

(Revised 10/1/11 ML #3278)

[View Archives](#)

NDAC 75-02-01.3-07

Income for the Child Care Assistance Program (CCAP) is converted to a monthly income. Income must be converted for all cases where income (both earned and unearned) is received either weekly or biweekly.

Income conversion does not apply to the following:

- Income for individuals who have a Waived Co-pay as income is not counted
- Self-employment income
- Child support income
- When eligibility is being determined for the month prior to the application month
- Individuals paid monthly, semi-monthly, or irregularly

Note: Tips, commissions, monthly bonuses or incentive that are paid monthly, semi-monthly, irregularly and are not included on the paystub are not converted. The tips, commissions, monthly bonuses or incentives must be counted separately as earned income.

For regular income if an individual is paid weekly or bi-weekly but did not receive a pay check for each pay period, the wages must still be converted.

Tips, commissions, monthly bonuses or incentives that are paid weekly or biweekly and included on the paystub must be converted.

To convert weekly earnings, total the weekly checks and divide by the number of checks to arrive at the weekly average. The weekly average is then multiplied by 4.3.

Child Care Assistance Program

To convert biweekly earnings, total the biweekly checks and divide by the number of checks to arrive at the biweekly average. The biweekly average is then multiplied by 2.15.

When an individual begins a new job, or has a change in the number of hours employed and the employer verifies a range of work hours, the greater number of work hours verified must be used to determine the income for the caretaker.

Income for the Child Care Assistance Program (CCAP) is converted to a monthly income.

Conversion applies to all cases when income (both earned and unearned) is received either weekly or biweekly. Conversion applies to the tips, commissions, bonuses or incentives that are listed on paystubs received weekly or bi-weekly.

Income conversion does not apply to the following:

- Income for individuals who have a Waived Co-pay as income is not counted
- Self-employment income
- Child support income
- When eligibility is being determined for the month prior to the application month
- Individuals paid monthly, semi-monthly, or irregularly
- Tips, commissions, bonuses or incentive pay which is **not** listed as income on paystubs is counted separately as earned income

To convert weekly earnings, total the weekly checks and divide by the number of checks to arrive at the weekly average. The weekly average is then multiplied by 4.3.

To convert biweekly earnings, total the biweekly checks and divide by the number of checks to arrive at the biweekly average. The biweekly average is then multiplied by 2.15.

Regular income received by those individuals who normally are paid on a weekly or bi-weekly basis must be converted even when the individual did not receive a check for each pay period in the month. To arrive at the weekly or bi-weekly amount to be converted, the gross amount of each check is totaled, then divided by the number of checks actually received.

When an individual begins a new job, or has a change in the number of hours employed and the employer verifies a range of work hours, the greater number of work hours verified must be used to determine the income for the caretaker.

Converting Allowable Income Deductions 400-28-70-10

(Revised 10/1/12 ML #3348)

[View Archives](#)

Allowable income deductions (court ordered child/spousal support deduction) for individuals who pay their child support weekly or bi-weekly (either paid by the individual or deducted from the paycheck) must be converted. The process for converting these deductions is the same as income.

Conversion for allowable income deductions (court ordered child/spousal support deduction) does not apply if the child support is not paid weekly or bi-weekly. If not paid weekly or bi-weekly, the amount actually paid each month is the amount allowed.

Conversion for allowable income deductions does not apply to the month prior to the application month. Actual deductions paid in the prior month are used.

Prospecting Income for the Certificate Period 400-28-75-10

(Revised 7/1/16 ML #3472)

[View Archives](#)

[NDAC 75-02-01.3-07](#)

Gross income, **either earned or unearned**, must be determined prospectively as eligibility is determined for a specific certificate period.

Income from the following timeframes must be verified and documented at application or review:

- Income from the month prior to the application or review, and
- Income from the month of application or review through the date the application or review is received by the county social service office.

If income from the specified timeframes is NOT reflective of anticipated income for the certificate period, the household must verify their anticipated monthly income.

Example 1:

A household applies for CCAP on November 18th. The household reports that they had a job end in October and received their last check from that job on November 5th. The household also reports that they started a new job November 10th. Income from the terminated job from October is not considered when prospecting income. Anticipated income from their new job that started in November would be used.

Example 2:

A household applies for CCAP on June 4th. Paystubs from May indicate that the household worked an additional 10 hours of overtime each week in May. The household verifies that they will no longer receive

overtime in June or July. The income from overtime hours in May is not used when prospecting income for the certificate period.

If the household requests assistance for the month prior to the application month, actual income, including terminated sources, received in that month must be verified and used. Income is NOT prospected for the prior month.

Example:

A household applies for CCAP on June 4th and requests assistance with May child care costs from May. In May the household worked an additional 10 hours of overtime each week. All regular and overtime income would be considered and used for the month of May.

Adding or Removing a Household Member

When adding a household member during the certificate period, all gross income and deductions of that individual is considered and used starting the month the household member joins the household. The new household member must verify income from the following timeframes:

- Income from the month prior to joining the household, and
- Income from the month of joining the household.

When removing a household member during the certificate period, all gross income and deductions of that individual are removed effective the month the household member leaves the household.

Waived Co-Pay

Ongoing CCAP cases that were in receipt of Crossroads, Diversion, TANF or Transition, but are no longer participating in one of those programs, must have their income prospected for the remainder of the certificate period. Income from the following timeframes must be verified and documented:

- Income from the month prior to the case closure, and
- Income from the month of case closure.

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

If income from the specified timeframes is NOT reflective of anticipated income for the certificate period, the household must verify their anticipated monthly income.

Ongoing CCAP cases that become eligible for Crossroads, Diversion, TANF or Transition must have their income removed from the CCAP case effective the month of eligibility of one of those programs.

Prospected income amounts are rounded down to the nearest dollar.

When Income and Allowable Income Deductions are Verified and Changed 400-28-75-50

(Revised 7/1/16 ML #3374)

[View Archives](#)

[NDAC 75-02-01.3-07](#)

Verification of gross income and allowable income deductions for all household members is required at application, review, or when a case changes from Waived Co-pay (Crossroads, Diversion, TANF or Transition) to Co-pay.

In an ongoing case, changes in gross income or allowable income deductions for existing household members are not acted upon, except in the following situations:

- There is a reduction in income that results in a decreased co-payment, or
- The household's monthly gross income, minus allowable deductions, exceeds the highest income level for the household size. In these situations, the case must be closed due to excess income.

Note: If the household does not anticipate that the income will continue to exceed the income limit for the household size, the household must provide verification of anticipated income and deductions.

When adding a household member, only the new household member must verify their gross income and allowable deductions. No changes in income or deductions are made for existing household members, unless one of the situations listed above applies.

Allowable Child Care Hours and Level of Care 400-28-80

Calculating a Caretaker's Allowable Child Care Hours 400-28-80-10

(Revised 7/1/16 ML #3472)

[View Archives](#)

When calculating a household's child care need, the hours allowed must be based on the individual caretaker's allowable activity schedule compared to the schedule of the child, when applicable.

In two-caretaker households, the allowable child care hours must be the least amount of hours needed when the two schedules are compared.

Example:

Mom works 40 hours a week. Dad works 30 hours a week. The maximum allowable child care hours are 30 hours per week.

To calculate any type of activity hours, activity schedules from the following timeframes must be verified and documented at application or review:

- Activity hours from the month prior to the application or review month, and
- Activity hours from the month of application or review through the date the application or review is received by the county social service office.

If the activity schedules from the specified timeframes are NOT reflective of anticipated allowable hours for the certificate period, the household must verify their anticipated activity schedule for all activities.

Note: If an employer verifies a range of work hours, the higher number of work hours verified will be used as the allowable activity hours for the caretaker.

Job search and parental leave hours are not used when calculating the level of care as these are not considered allowable activities at the time of application or review.

To calculate allowable hours for Diversion, TANF or Transition cases, refer to 400-28-45, Eligibility for TANF Families.

Travel and Break Time

Travel and break time must be allowed for caretakers who are participating in work, education or training. For these activities, the calculated allowable activity hours must be multiplied by 25%. The additional time must be added to the allowable activity hours. Total allowable hours must be rounded up.

Example:

A caretaker has 17 allowable activity hours per week. 17 hours is multiplied by 25%, which equals an additional 4.25 hours per week. Total allowable hours are now 21.25 hours per week, which is rounded up to 22 hours per week.

In certain situations, the caretaker's travel time may exceed the 25% calculation; additional time may be allowed. The reason and needed time for travel must be documented.

Night Shift Work

Caretakers who work night shifts must be allowed sleep time. Up to 6 hours of sleep time after each shift must be allowed.

Example:

Caretaker works night shifts Tuesdays, Wednesdays and Thursdays from 6:00 p.m. to 6:00 a.m. When determining the allowable child care hours, the caretaker must be allowed an additional 6 hours for each day of work. A total of 18 hours must be allowed per week.

Employment

Weekly work hours are determined by using verified paystubs, employer's statements, etc.

To calculate the number of weekly work hours when paid **biweekly, semimonthly, monthly or irregularly**, add the total number of verified work hours for a month and divide by 4.

Example:

A household applies February 12th and verifies that they are paid biweekly. The household received a check on January 22nd with a total of 72 hours worked. Another check was received on February 5th with a total of 70 hours worked. Total monthly hours add up to 142, which is divided by 4 to average the total weekly hours. Average weekly hours are 35.5 before the allowance of travel and break time.

To calculate the number of weekly work hours when paid weekly add the total number of verified work hours and divide by the number of checks used to verify the hours.

Example:

A household applies February 12th and verifies that they are paid weekly. The household verifies that they received a check on January 8th, January 15th, January 22nd, January 29th, and February 5th. The total hours from all paystubs adds up to 176 hours, which is then divided by 5. Average weekly hours are 35.2 before the allowance of travel and break time.

For individuals who are self-employed, the individual must provide a schedule completed by the individual, listing the hours the individual will participate in their self-employment activity for the month of application and the month prior to the month of application. The total monthly hours are divided by 4 to determine the weekly hours.

Education and Training

Students enrolled in GED, high school or postsecondary education or training which is not based on credit hours must have their allowable activity hours determined by the time they attend their education or training activity.

Example:

Caretaker attends high school Monday through Friday from 8 a.m. to 3 p.m. based on the verified school schedule. Total allowable activity hours of 37.5, before travel and break time calculation, will be allowed.

Students enrolled in postsecondary education which is based on credit hours must have their allowable activity hours determined by multiplying the verified credit hours by 2.

Note: Students who are enrolled in accelerated degree programs must also have their allowable activity hours determined by the time they attend class, not by the number of credit hours.

Example: A student's class schedule verifies 12 credit hours. Multiplying each credit by 2 results in 24 hours per week as the student's allowable child care hours, before the travel and break time calculation.

If a student applies for CCAP during a break in school attendance, verification of the anticipated school schedule must be used to determine the allowable activity hours.

Calculating a Child's Allowable Child Care Hours **400-28-80-10-05**

(New 7/1/16 ML #3472)

[View Archives](#)

Calculating a Child's Allowable Child Care Hours

A child's allowable child care hours are based on the child's schedule and the caretaker's allowable child care hours.

Non-School Age Child

Children who do not attend any type of schooling during the day must have their allowable child care hours based on the time the child needs care as determined by the caretaker's allowable child care hours.

School Age Child

Children that attend school (including any type of preschool or head start where the school hours are considered separate from the child care hours) must have their allowable child care hours based on the time before and after school in which they need care.

All school age children receive an additional 9 hours of care per week (36 hours per month) to accommodate any days there is no school.

Example 1:

A child attends elementary school Monday through Friday for 8 hours a day. The child needs child care 1 hour before school and 3 hours after school and does not need child care on the weekends. The child needs a total of 20 hours per week. The child is then allowed an additional 9 hours per week, for a total of 29 allowable hours per week.

Example 2:

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

A child is enrolled in a facility that provides both child care and preschool services. Child care is provided from 8 a.m. to 10 a.m. and again from 1 p.m. to 5 p.m. From 10 a.m. to 1 p.m. the child is attending the preschool setting. The hours from 10 – 1 are not considered allowable child care hours. A total of 6 child care hours would be allowed per day. The child is then allowed an additional 9 hours per week, for a total of 39 allowable hours per week.

A copy of the child's most recent school schedule or calendar must be provided as verification. If an application or review is received during a summer month, verification for the upcoming school year must be provided, however, it must not be used to determine the child's allowable child care hours.

Note: It is the responsibility of the caretaker to report when additional child care hours are needed.

Example:

Review is received June 5th. The child's summer break is from the beginning of June to the end of August. The child will be attending child care full-time over the summer, based on the caretaker's schedule. Verification of the child's upcoming school schedule or calendar must be provided, however school hours will not be considered in the calculation of allowable child care hours for the month of review.

Absent Days 400-28-80-25

(Revised 4/1/16 ML #3464)

[View Archives](#)

Up to 16 hours per calendar month can be allowed for a child who is absent from their child care setting for any reason when the provider requires payment of the absence.

The days and number of hours per day that the child was absent must be listed on the Child Care Billing Report form. The hours a caretaker was absent from their allowable activity are not listed on the form by the caretaker.

More than 16 hours per month can be allowed in situations that result in closures or absences due to inclement weather. These situations must be reviewed on a case by case basis, using prudent person judgment. The reason for allowing payment for additional absent days must be documented in the case file.

Determining the Level of Care 400-28-80-50

(New 7/1/16 ML #3472)

[View Archives](#)

The level of care is used to determine if a child needs full-time, part-time or hourly child care and is based on the calculation of allowable child care hours of the caretaker and the child.

The Level of Care must be determined in the following situations:

- application
- review
- increasing monthly child care hours
- adding a child to the certificate
- adding a household member who is participating in an allowable activity
- changing or adding a provider

A child may have more than one provider. The level of Care must be determined for each provider based on the number of hours the child needs care while the caretaker(s) is participating in an allowable activity.

To determine the Level of Care:

- Determine the allowable child care hours of each caretaker based on policy at 400-28-80-10, Calculation of Allowable Child Care Hours.
- Determine the child's allowable child care hours based on the policy at 400-28-80-10-05.
- Compare the caretaker's allowable hours to the child's allowable hours, the lesser of the hours when all schedules are compared will determine the level of care.

Example 1:

Household consists of one caretaker and one child. It is determined that the caretaker has 35 allowable activity hours per week. The child is determined to have a need of only 16 hours of care a week. 16 hours will be used to determine the level of care.

Example 2:

Household consists of two-caretakers and one school age child. Total allowable hours of the first caretaker are 22 per week. Total allowable hours of the second caretaker are 35 per week. The child attends school Monday through Friday and will be in child care after school for 3 hours per day (15 hours per week). An additional 9 hours per week are allowed for all school age children. The child's need is determined to be 24 hours per week. After comparing all schedules, it is determined that 22 hours per week will be allowed. This is because CCAP allows for the least amount of hours needed when determining the level of care.

Once this information is determined:

- If the weekly hours calculated for a child average 25 or more per week, the child falls into the full time Level of Care.
- If the weekly hours calculated for a child average from 14 to less than 25 hours per week, the child falls into part-time Level of Care.
- If the weekly hours calculated for a child average less than 14 hours per week, the child falls into hourly Level of Care.

Once a level of care is established for a child:

- The level of care is not decreased for the remaining certificate period regardless if the caretaker has a decrease in hours which would result in the child needing a lower Level of Care.
- The level of care can be increased during the certificate period when the caretaker has an increase in allowable activity hours.

Co-pay Requirements 400-28-90

Overview 400-28-90-05

(Revised 10/1/11 ML #3278)

[View Archives](#)

[NDAC 75-02-01.3-04](#)

Federal regulations require each family receiving Child Care Assistance Program (CCAP) benefits to contribute towards the monthly costs of such care.

- The portion that a family is responsible to contribute is called a [Co-pay](#).
- The Co-pay that is applied to child care costs incurred each month is referred to as [Family Monthly Co-pay](#).

The Co-pay requirement is waived for families receiving [TANF](#), Diversion and Crossroads.

Families who are not waived from the Co-pay requirement are subject to a Family Monthly Co-pay when determining their CCAP eligibility. In addition to the Co-pay, the family is responsible for any amount that is charged over the [State Maximum Monthly Share](#) amount.

It is the responsibility of the provider to collect the Co-pay from the family. [Verification](#) that the Co-pay has been paid is not required.

[View Archives](#)

[NDAC 75-02-01.3-04](#)

For each family subject to Co-pay, the Family Monthly Co-pay must be determined. Family Monthly Co-pay is determined by using the countable income (gross monthly income less child/spousal support expenses) and household size which is then compared to the Child Care Sliding Fee Schedule. The Child Care Sliding Fee Schedule contains a Co-pay column for each income range and household size level.

(Revised 4/1/12 ML #3327)

[View Archives](#)

[NDAC 75-02-01.3-04](#)

The Family Monthly Co-pay amount is subtracted from the State Rate to determine the State Maximum Monthly Share.

When payment is being determined, the Family Monthly Co-pay is deducted from the lower of the state rate or amount billed on the Child Care Billing Report Form.

When applying the Family Monthly Co-pay to payments:

- The Family Monthly Co-pay is applied to the provider who is first entered into the payment system. If there are two providers, the Family Monthly Co-pay is applied to the first provider entered into the payment system. If any amount of the Family Monthly Co-pay is remaining it will be applied to the second provider, etc.
- If the Family Monthly Co-pay is greater than the lower of the State Rate or amount billed for the family, no child care payment will be made for the month.
- If the Family Monthly Co-pay is less than the lower of the State Rate or amount billed for the family, the Family Monthly Co-pay is deducted from the lower of the State Rate or amount billed and the remaining amount is the maximum payment that will be made.
- When the Family Monthly Co-pay is applied to a child's allowable child care costs and all of the child's costs incurred is subject to co-pay, that child continues to be eligible for CCAP and all other eligibility criteria applies to the child.

The DN 241, Child Care Sliding Fee Schedule is included at Section 400-28-165-25.

The Co-pay requirement for certain families with very low income will be waived and their child care paid up to the State Rate. These include:

- Families receiving services through the Crossroads Program
- Ineligible/SSI children whose caretaker is receiving TANF or Diversion
- Families receiving TANF or Diversion

Note: Payment of child care is subject to Co-pay when the child care is a result of an activity for a TANF caretaker who is:

- In receipt of SSI
- A Disqualified Alien or
- An ineligible non-legally responsible caretaker

Families who are not subject to the Co-pay requirements are not subject to the income requirements. These families do not have to provide verification of their income in order for their eligibility to be determined. Since these families are not subject to co-pay or income requirements, child care may be paid up to the maximum State Rate.

Third Party Payments 400-28-100-25

(Revised 7/1/16 ML 3472)

When a third party pays a portion of the child care bill directly to a provider for a household, only the portion the caretaker is responsible for can be considered for payment.

When a third party pays the entire child care bill directly to a provider for a household, none of the costs can be considered for payment. Since child care cannot pay any of the costs, the household is ineligible for the Child Care Assistance Program (CCAP).

Note: If a third party pays a portion of the child care bill and the payments are given to the caretaker instead of being paid directly to the provider, the amount of payment must be considered as income.

Regardless of who is making the third party payment, verification of the portion the third party is paying must be obtained.

If the caretaker reports that the third party has not paid or refuses to pay the child care, the caretaker must verify the third party is not paying.

An absent parent cannot receive Child Care Assistance Program benefits to pay their court ordered share of child care if the child is not residing with the absent parent.

Provider Requirements and Information 400-28-105

Overview 400-28-105-05

(Revised 4/1/16 ML #3464)

The following items must be met in order to be an eligible child care provider for CCAP:

- Be 18 years of age or older.
- Be licensed, Air-force Base Licensed, self-declaration, approved relative or tribal registered.
- Out of state (border state) and tribal providers must sign and submit an SFN 617 – Out-of-State/Tribal Child Care Assistance Provider Agreement.
- Out of state (border state) providers must submit a current copy of their license.
- Complete a W-9.
- Be enrolled in the Child Care Assistance Program Provider System at the time a certificate is issued or updated and at the time payment is made.

A self-declared provider may be approved to provide care at an address other than their own residence. If the address at which the self-declared provider is approved to provide care is the same address as the child's residence, payment can be made.

Federal law dictates that a provider must allow the caretaker unlimited access to their child(ren) while the child is in the provider's care.

Child care providers may not discriminate against children based on race, national origin, ethnicity, sex, religion or disability.

In Home Child Care When Provider and Child Reside in Same Home 400-28-105-15

[View Archives](#)

If the provider and the child live in the same home, care may be allowed only when the provider is not the caretaker of the child in the CCAP household. The provider must be licensed.

Example 1: A caretaker lives with their child and their mother (grandma) in the same home. The grandma is a licensed provider who provides care from the home. Care can be allowed for the child in the household since grandma is the provider and not a caretaker in the CCAP household.

Example 2: A caretaker is a licensed provider that provides care from their home. The caretaker applies for CCAP for their child, listing themselves as the provider. CCAP will not pay for child care costs since the provider is a caretaker of the child in the CCAP household.

Approved Relative 400-28-105-20

(Revised 4/1/16 ML #3464)

[View Archives](#)

NDAC 75-02-01.3-05

Approved relatives must be approved to provide care for specific children. CCAP will only make payment for children who are identified on the approved relative's approval letter.

An Approved Relative is a provider, whose relationship to the child by marriage, blood, or court degree, is a:

- Grandparent (including step-grandparents)
- Great-grand parent (including great step-grandparents)
- Aunt or uncle (including step-aunt or uncle)
- Sibling (including step-siblings) when the sibling lives at a separate residence from the child(ren).

NOTE: Siblings cannot be an 'approved relative' provider if the sibling resides with the child(ren).

Approved relatives must apply to become eligible. The following items are required as part of the application process:

- SFN 23, Application for Approval for Relative Child Care Provider
- W-9, Request for Taxpayer Identification Number and Certificate
- SFN 433, Child Abuse and Neglect Background Inquiry for each household member age 18 and over
- Verification of SSN or Employer Identification Number (EIN)
- Verification of relationship to the children that care will be provided for. Acceptable verification includes but is not limited to:
 - Birth certificates
 - Adoption papers
 - Court records

Child Care Assistance Program

To assure the health and safety of children, the approved relative and all adult household members (18 and over) will be subject to the following background checks:

- North Dakota Supreme Court website
- North Dakota State's Attorney's Sex Offender website
- Children and Family Services criminal back ground check

An Approved Relative's request to be a provider will be denied or will be terminated in an ongoing case when the applicant or household members have been found guilty of, pled guilty to, or pled no contest to any offense described in section 75-02-01.3.05 of North Dakota Administrative Code (N.D.A.C.).

Approved relatives can only provide care in the provider's own home. Approved relative providers cannot be approved to provide care in the child's home unless the child is subject to policy at 400-28-35-30, In Home Care Due to Illness/Disability.

An approval or denial letter will be sent to the applicant upon determination. An applicant may appeal the decision by submitting a signed written request to the agency within 30 days from the date of the notice of the letter. During an appeal process, payments will not be made by the Child Care Assistance Program (CCAP).

- A pending notice will be sent in situations when more information is needed. The applicant or approved provider has 10 days to respond to the notice. If the applicant does not respond to the notice within 10 days, the application will be denied. In ongoing approvals, the approval must end at the end of the month after the 10 days have passed.

Once approved, a provider number will be assigned by the state CCAP office.

Approved relative providers must renew the approval every year in order to continue to receive CCAP. The provider must also submit a W-9 yearly with their renewal application.

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

If the approved relative provider moves, the approval becomes invalid and the provider must reapply.

Approved relative providers are required to maintain attendance records for each child in their care. Records should include the child's name, the date, and check-in/check-out times. All attendance records must be made available at the request of the state or county social services office. The attendance records must be handled in a manner that protects the identity of CCAP families.

Qualified Providers for Certificate and Payment 400-28-105-25

(Revised 4/1/16 ML #3464)

[View Archives](#)

The household's provider must be licensed (including military, tribal and out-of-state), self-declaration, or an approved relative provider. The license must be current, and have an expiration date later than the date of CCAP application.

CCAP will make payment back to the first of the month in which the provider's license is effective.

Application or Review

If at time of CCAP application or review, the provider is not currently licensed and the provider will not become licensed within the CCAP application or review processing time frame and the family is not using any other qualified provider(s), the household must find another provider who is licensed or the application or review must be denied.

NOTE: Provider's may appeal a license denial. Payment for CCAP cannot be made during the appeal process as the provider is not licensed. If the provider wins the appeal, CCAP will make payment back to the effective date of the provider license.

If a CCAP applicant requests child care for a prior month and the provider was not licensed in that prior month, payment cannot be made to that provider for that month.

Ongoing

In an ongoing case a closing notice must be sent at the time it is discovered that the household no longer has a licensed provider, the case must be set to close at the end of the month the closing notice is sent.

In an ongoing case where there is more than one provider and one of the provider(s) is no longer licensed the provider must be removed from the certificate effective the month following the month of expiration.

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

If the provider license expires during the certificate period, payment can only be up to the expiration date. Any care provided following expiration date **cannot** be paid.

If the provider is reinstated during the month of expiration, payment can be made for the entire month and eligibility for the family can be reinstated if the family is otherwise eligible. If the case closes prior to reinstatement, the caretaker must reapply.

If a child care provider's license is suspended during the certificate period, CCAP will not make payment effective the date of suspension.

If a provider is issued an 'Intent to Revoke', CCAP can continue to make payment until the effective date of the revocation.

NOTE: Providers may appeal an 'Intent to Revoke'. When a provider files an appeal, CCAP can continue to pay the provider during the course of the appeal. If the provider loses the appeal, all payments made during the appeal process will be considered overpayments and must be paid back to CCAP by the provider.

- Change in address
- Change in either Social Security Number (SSN) or Employee Identification Number (EIN) when either is being used as the Taxpayer Identification (TIN)

(Revised 10/1/12 ML #3348)

[View Archives](#)

NDAC 75-02-01.3-10

When a caretaker chooses a child care provider, there is generally a contract outlining what is expected of the family for situations of absences, holidays, vacations, and termination of services.

A contract detailing the conditions related to payment for unscheduled absences, holidays and vacations, as well as termination of services is often entered into between a caretaker and the child care provider chosen. The Child Care Assistance Program (CCAP) is neither a party of nor subject to any contract or any terms therein included.

CCAP will not be paid while the provider is absent for any reason (e.g. medical, holiday, vacation, etc.).

CCAP will not be paid while the caretaker(s) is absent from participating in their allowable activity for any reason (e.g. medical, temporary illness, holiday, vacation, etc.).

- Exceptions:
 - If the absence meets the criteria in Section 400-28-80-25, Absent Days for Illness section of this manual
 - If the hours for a college student meet the criteria is Section 400-28-80-10, Calculating Allowable Child Care Hours.

A contract may require that a notice of termination be given and the provider may request payment for that period of time. CCAP will not reimburse costs incurred because of a termination agreement except for the time the caretaker was participating in an allowable activity and the

child was present and was provided care other than the exception addressed in 400-28-80-25, Absent Days for days for Illness, and 400-28-80-10, Calculating Allowable Child Care Hours.

Providers must **NOT** charge CCAP caretakers more than they are charging their lowest charged private pay families.

Child Care Assistance Program Certificate 400-28-120

Overview 400-28-120-05

(Revised 4/1/12 ML #3327)

Federal Regulations require states to issue a '[Certificate](#)' to the eligible family and to each provider the family has chosen which informs them of the eligibility period, children who have been approved, [Level of Care](#) for each child, [State Rate](#) for each child, and the [Family's Monthly Co-pay](#). The family's certificate includes information for all children and provider(s) that apply to the family.

The provider's certificate includes information for each child that apply to the provider.

Certificate Requirements 400-28-120-10

(Revised 4/1/12 ML #3327)

[View Archives](#)

NDAC 75-02-01.3-06

A certificate is issued by the Department of Human Services to the caretaker who is eligible and to each provider the caretaker has chosen. The certificate contains:

- The name and address of the caretaker
- The names of children who will be receiving Child Care Assistance Program benefits
- The name of each provider(s) for each child
- The Level of Care
- The Family's Monthly Co-pay
- The State Rate
- The caretaker's allowable activities (work, job search, education, training)

Note: The names of specific assistance programs are not to be entered or shown on the certificate. For TANF recipients, list "Job Activities" for the allowable activities.

- The period covered by the certificate
- The caretaker's right to appeal

Each provider the family has chosen will receive a certificate that includes the information for the child(ren) for whom they are providing care.

Certificates are issued for a six month period of time with the following exceptions:

- Month prior to the month of application (one month certificate); and
- The 2 final months of TANF when the child care expenses were used as a deduction from income for TANF (one month certificate for each month child care is requested).

[Certificates](#) for applications begin the first day of the month for which the application is approved.

Certificates for reviews begin the first day of the month following the expiration of the existing certificate.

The start date of an updated certificate is the first day of the month the certificate is determined to be effective based on reported changes that are mandatory, non-mandatory, or known information to the agency and whether the change was or was not reported timely.

Note: a certificate start date is always the first date of the month the certificate is effective. Payment within that month is determined based on eligibility criteria.

Example #1: It is reported timely and verified timely that a child entered the home on June 14th. The change is implemented and the certificate is updated for June and the effective date of the updated June certificate June 1st. Because this is a new member of the [Child Care Assistance Unit](#), child care can be paid from the 14th to end of the month as child care can only be paid for when the child was living with this [caretaker](#).

Example#2: It is reported and verified timely that an ongoing household member switched from education to employment in February. The change is implemented and the certificate is updated for February, the effective date of the updated February certificate is February 1st. The entire month of February can be paid for the allowable activity(ies) listed on the certificate.

Example#3: A caretaker starts employment on December 9th. The caretaker reports the change in activity to the county on December 27th and provides verification of the employment on December 29th. The change is not reported timely but since the information to act on the change was provided in December, the change is implemented and the certificate is updated for December. The effective date of the updated December certificate is December 1st. The entire month of December can be paid for the allowable activity(ies) listed on the certificate.

The following information is required to issue a certificate:

- Household composition
- Household income
- Child/spousal support paid out
- The child care provider(s) for each child requesting assistance
- The provider(s)'s license number
- Provider type
- Level of Care required
- Caretaker(s) allowable activity/schedule
- Child(ren)'s schedule (school age)

Upon receipt of this information, the Excel spreadsheet may be used to determine the Co-pay and State Rate. When the Excel spreadsheet is used, a copy must be included in the case file.

The issuance of a certificate does not require submittal of a Child Care Billing Report form.

A certificate is issued:

- At application
- At 6 month review
- When a certificate must be updated

When a certificate is issued, the caretaker is sent a copy of the certificate and the provider(s) is sent a copy of the certificate with the information that applies to the child(ren) for whom the provider(s) has been approved to provide care.

When a certificate is issued, the certificate is not changed unless an eligibility criteria to change a certificate is met.

A certificate must be updated for the following reasons; however, there may be additional reasons not included that may require the certificate to be updated:

- When there is a change in the Child Care Assistance unit household size.
 - Someone moves into the household
 - Someone moves out of the household
- Change in allowable activity
 - Start or end of job search
 - Start of work activity (not previously in any work activity)
 - End of work activity (no longer in any work activity)
 - Start or end of school which includes:
 - A postsecondary student completes an associate degree, postsecondary diploma, certificate of completion or any other vocational training course or if the caretaker(s) changes to another course of study.
 - Start or end of TANF, Diversion or Crossroads
- Increase in monthly child care hours for a child if the increase in hours increased the Level of Care the child needs.

Note: Decreases in the Level of Care are not made during the certificate period.

- Changes in provider(s) or addition of provider(s)
- When a provider is no longer being used by the family or the provider is no longer a qualified provider.
- When a child is no longer eligible for the Child Care Assistance Program including but not limited to:
 - if age 13 and under 19 and verified care no longer exists
 - enters Foster Care
 - no longer needs care
- State residency
- When a case changes from Waived Co-pay to Co-pay, the certificate must be updated for the month following the month the TANF, Diversion or Crossroads case closes.
- When a case changes from Co-pay to Waived Co-pay, the certificate must be updated effective the month the case is approved for TANF, Diversion or Crossroads.
- When an Intentional Program Violation disqualification penalty is imposed the certificate must be closed effective the month the individual is disqualified.
 - **Exception:** Individuals who apply for or are receiving assistance through a federal or state funded program and require child care in order to participate in that federal or state funded program are eligible to receive child care through CCAP in a month they are subject to an IPV disqualification. Individuals that apply for or are receiving TANF, Transition, Diversion, or Crossroads are eligible to receive child care during an IPV disqualification period providing all other factors of eligibility are met.

If a certificate must be closed, the caretaker is sent a copy of the updated certificate and the provider(s) is sent a copy of the certificate with the information that applies to the child(ren) for whom the provider(s) has been approved to provide care.

Mandatory and Known Information Changes 400-28-125

Mandatory Changes 400-28-125-05

(Revised 4/1/16 ML #3464)

[View Archives](#)

Mandatory changes must be reported to the county social service office within 10 days from the date the change occurs. The first calendar day following the date the change occurs is day 1 of the 10 day reporting timeframe.

Note: Changes reported after business hours, on weekends or holidays will be considered received on the next business day.

Changes may be reported in writing, in person, by telephone, by fax or electronically.

Mandatory reportable changes are:

- Change in household size
- Change in allowable activity
 - Start or end of work, education, training job search activities
 - Start or end of TANF, Diversion or Crossroads
- Increase in monthly child care hours
- Changes in provider(s) or addition of provider(s)
- State residency
- When the household's monthly gross income, minus allowable expenses, exceeds the highest income level for its household size

When mandatory changes are reported, and additional information is needed, a closing notice must be sent. The closing notice must include:

- The information and verifications that are needed.
- The timeframe for submitting the information and verifications (10 days from print date of notice).

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

- Information regarding case closure if the information and verifications are not provided within 10 days. (Cases must close at the end of the month in which the 10 day reporting period ends, even when the 10th day extends into a future month.)

If the household provides the information within 10 days from the date of the notice or if the information is provided after the 10 days, but prior to the case closing, the change must be processed based on section 400-28-125-30, Required Action on Mandatory Changes.

If a case closes for failure to provide additional information and required information is received in the month following the month of case closure, the case must remain closed. The household must reapply.

If the mandatory changes do not affect eligibility or the certificate(s), the case file must be documented to reflect the change reported and the reason no action was taken.

Other changes (non-mandatory) may also be reported. If these changes do not require additional information or verifications and changes do not affect eligibility or the certificate(s), the case file must be documented to reflect the reported change and the reason no action was taken. If the change does affect eligibility, a closing notice must be sent requesting additional information.

Known Information to Agency 400-28-125-15

(Revised 10/1/12 ML #3348)

[View Archives](#)

Known information to the agency is information that the eligibility worker receives from other programs or outside sources instead of from the caretaker.

Note: An IEVS (Income Eligibility Verification System) hit is not considered known information. The verifications submitted resulting from the IEVS match is deemed known information.

Known information can be information reported by the caretaker verbally, in writing, or listed on forms for other programs.

Actions required to be taken following the receipt of 'known information' may include:

- Requesting additional information from the caretaker
- Updating information in the case file
- Updating information in the CCAP system
- Updating the certificate(s) if the certificate(s) must be updated
- Closing the case if the case must be closed
- Document in case file actions taken

The eligibility worker must document the date they became aware of the 'known information'.

When known information is discovered, the eligibility worker must determine if a change in eligibility is required based on the policy that applies to that information.

Known information is acted upon for the month in which the information is discovered and is acted upon for the month following the month in which the information is discovered. Known information does not need to be acted upon for any future month beyond the month following the month of discovery.

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

If the known information results in a change in eligibility for a past month(s):

- If the change results in an overpayment, overpayments are established for the month(s) affected.
- If the change results in an underpayment, underpayments are not established for the month(s) affected.

If the known information results in no changes in eligibility and/or the certificate(s) per policy, the case file must be documented to reflect the change reported and the reason no action was taken.

Required Action on Mandatory Changes 400-28-125-30

(Revised 4/1/16 ML #3464)

[View Archives](#)

When a mandatory change is reported, it must be determined if the change was:

1. Reported and verified timely

- If the change results in an increase in benefits, or has a positive impact, the change is implemented in the month the change occurred.
 - If a payment has been made for the month the change occurred, an underpayment may need to be issued for that month.

Example: A change occurred that had a positive impact on August 25th and was reported and timely verified on September 3rd. August benefits were paid on September 1. The change is implemented and the certificate must be updated for August. September's payment will be made based on the updated certificate. Since the change was reported and verified timely, August benefits need to be re-determined and an underpayment issued.

- If the change results in a decrease in benefits, or has a negative impact, the change is implemented in the month following the change occurred.
 - Payments made for the month following the month the change occurred will be made based on the new certificate.

Example: A change occurred has a negative impact on August 25th and was reported and timely on September 3rd. The change is implemented and the certificate must be updated for September. August payments will be made based on the old certificate. Payments beginning September will be made based on the updated certificate.

2. **NOT** timely reported, verified, or both:

- If the change results in an increase in benefits, or has a positive impact, the change is implemented in the month the change is verified.
 - Payments made for the month the change was verified will need to be made based on the new certificate.
 - Since the change has a positive impact, any underpayments that may have resulted for the month the change occurred through the month the certificate was updated are not issued since the change was not reported timely.

Example: A change occurred that benefited the household on August 25th and was reported on September 3rd. The eligibility worker sent a closing notice to the caretaker on September 6th. The caretaker did not provide verification of the change until September 23rd. The change is implemented and the certificate must be updated for September. September's payment will be made based on the updated certificate. Since the change was reported timely but not verified timely, the caretaker is not eligible for additional benefits for August.

- If the change results in a decrease in benefits, or has a negative impact, the change is implemented the month the change occurred.
 - Any payments made for the month the change occurred will need to be made based on the new certificate.
 - Any payments made based on the old certificate for months prior to the certificate being updated are subject to overpayments.

Example: A change occurred that has a negative impact on August 25th and was reported on September 3rd. On September 3rd, the eligibility worker sends a closing notice to the caretaker requesting additional information. The requested information was not verified until September 15th. The change is implemented and the certificate must be updated for August. Since the change was not verified timely, August benefits need to be re-

Child Care Assistance Program

Division 10
Program 400

Chapter 28

determined and an overpayment established. Payments issued beginning September will be based on the updated certificate.

- A closing notice must be sent for any changes that result in ineligibility. The case must close at the end of the month in which the closing notice was sent.

Change of Address for Caretaker 400-28-127

Moving Within the County 400-28-127-05

(Revised 4/1/14 ML #3401)

When the caretaker moves and the change of address is within the same county, the eligibility worker must update the address in the Child Care Assistance Program system. The current certificate will remain in effect if no mandatory changes were reported that need to be acted on.

Moving to Another County 400-28-127-10

(Revised 4/1/14 ML #3401)

[View Archives](#)

When the caretaker has moved to another county, the case file will be transferred to the new county and the current certificate will remain in effect if no mandatory changes were reported that need to be acted on.

The caretaker may report to either the receiving or the sending county that they are moving or have moved. The county to whom the caretaker reported the move is responsible to inform the family what is needed to allow assistance to continue based on the family's circumstances.

When transferring the case to the new county, the eligibility worker must change the caretaker's address and the fields "Worker ID" and "County" on the Change Master to reflect the information of the receiving county. Transferring the case file to the new county will include use of the SFN 700, "Case Transfer Log" (in 448 manual).

Consistent with Service Chapter 448, the eligibility worker from the sending county is responsible to complete any unresolved actions in the individual's case prior to transferring the file to the receiving county.

Child care costs incurred for a calendar month must be verified by using and completing the SFN 616, Child Care Billing Report form for child care costs incurred in a calendar month. It is the responsibility of the child care provider and the caretaker to complete the Child Care Billing Report form each month.

- The child care provider must list the **ACTUAL** number of hours the child was in their care.
- The caretaker must list the **ACTUAL** number of hours the child needed care while the caretaker participated in their approved allowable activity (including travel time).

Both the caretaker and the provider are required to sign and date the billing report form AFTER the form has been completed.

It is the caretaker's responsibility to make sure the form is complete, to review the form for errors and for providing all the information needed in order for the payment to be made. If the form is not complete, the form should be returned to the caretaker for completion.

The caretaker may choose to let the provider submit the billing report form to the county social service office, however, it is the caretaker's responsibility to make sure a completed billing report form is submitted to the county social service office.

Child Care Assistance Program

Service 400
Chapter 28

If a provider or a caretaker is not available to complete, or date the Child Care Billing report form, the eligibility worker will be expected to explore all avenues of locating the person who needs to complete, sign, or date the form. If it is reasonable that the information needed to be completed can be established by the other party or a third party will attest to its accuracy, payment can be made without one party's completion, signature or date. If it is reasonable that the billing report form is complete and accurate and the person who needs to sign or date the Child Care Billing Report form cannot be located or a third party will attest to its accuracy, payment can be made without the signature or date. All actions taken must be documented.

If a provider or caretaker refuses to complete, sign, or date, their portion of the Child Care Billing Report form, sign and date the Child Care Billing Report form or the provider or caretaker refuses to sign and date the Child Care Billing Report form and the other party can provide reasonable proof their information listed on the Child Care Billing Report form is accurate or a third party will attest to its accuracy, payment can be made without their completion, signature, or date. All actions taken must be documented.

Billing report forms must be submitted 2 months following the month child care services were provided. Payment will not be made for billing forms received after the two month period.

Example:

If child care is incurred for the service month of May, the last day the form can be submitted is up to the close of the last business day in July, to be considered as received within the 2 month time frame.

If a form is received after the 2 month time period, the family must be notified that payment cannot be made because the billing report form was received after the 2 month time limit. The family must be notified in writing the payment cannot be made.

Federal regulations require states to establish payment rates. The allowable amount of child care is based on:

- Type of provider
- Household income
- Household size
- Level of Care
- Child's Age
 - Infant care - birth through the month of their second birthday
 - Toddler – 2 and 3 years through the month of their fourth birthday
 - Preschool – 4 and 5 years through the month of their sixth birthday
 - School Age - 6 to 13 years through the month of their thirteenth birthday
 - Youth ages 13 – 19 years of age who are special needs children or courted order child care

Computing the Bill 400-28-135-10

(Revised 5/1/15 ML #3439)

[View Archives](#)

NDAC 75-02-01.3-06

When a child care billing report form is received, the billing report form must be reviewed to make sure it is complete (signed, dated and completely filled out). If the billing report form is not complete, the billing report form should be returned to the caretaker for completion.

Child Care costs must be submitted on the SFN 616, Child Care Billing Report Form for the actual calendar month the child care costs were incurred. From the total monthly hours listed on the Child Care Billing Form, the average weekly hours must be determined.

Allowable hours must be determined. Allowable hours are actual hours the child(ren) needs child care while the caretaker(s) is participating in their allowable activity. When a child is school age, allowable hours must be determined based on the school age child's schedule and the caretaker(s) allowable activity schedule. Allowable hours are the period of time the child is at the child care provider's to allow the caretaker(s) the time it takes for the caretaker(s) to travel from the child care provider's to their place of activity, participate in their activity (which includes any unpaid for lunch or break time which is part of their activity) and when completed with their activity, travel back to the provider's.

Note: In households with two caretakers; child care cannot be paid when one caretaker is available to care for the child(ren) while the other caretaker is participating in their allowable activity.

When a caretaker uses multiple providers, the time that it takes the caretaker to get from the first provider's to the second provider's is allowable time for the first child and the time it takes the caretaker to get

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

from the second provider's back to the first provider's is allowable time for the first child.

When a caretaker who is available to provide care returns to the home during the month, child care during the month of return can only be paid to the date the caretaker entered the home.

When a caretaker who is available to provide care leaves the home during the month, child care during the month the caretaker left can be only be paid from the date the caretaker left the home.

A child whom enters the home during a month who needs and is eligible for the Child Care Assistance Program (CCAP) will have their child care costs paid from the date they entered the home.

A child whom left the home during a month who needs and is eligible for CCAP, will have their child care costs paid to the date they left the home.

If a provider charges for the period of time that a college student (caretaker) is on break of less than a full calendar month between college terms, the caretaker may have their child care paid at the same level of care during the semester break regardless if the child is in attendance or is not in attendance at child care.

If the provider lists hours and the family does not list hours for a specific day, no hours are used as the family is indicating they were not in their allowable activity.

If the provider lists no hours and the parent lists hours for a specific day, no hours are used as the provider is indicating they did not provide care.

The lower of the provider or parent hours is used after the form has been reviewed for accuracy.

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

Once the allowable hours have been established, the average weekly hours must be determined. To determine the average weekly hours, the number of weeks child care is needed must be determined. A week is defined as Sunday through Saturday, and the maximum number of weeks that can be used to determine the average weekly hours is 4. If a child needs care for 1 day in a week, the week counts as 1 towards the 4 week maximum provided the day of care is in the calendar month that is being billed. If the child does not need care for at least 1 day in a week, the week is not counted.

Example #1:

A child incurred child care costs while mom is employed as indicated in the calendar below. Since the child incurred costs at least 1 day of each week in August, the child is considered in care for 5 weeks. However, the maximum weeks within a calendar month that can be allowed is 4.

August			1 6 hrs	2	3	4
5	6	7	8 6 hrs	9	10	11
12	13	14	15 6 hrs	16	17	18
19	20	21	22 6 hrs	23	24	25
26	27	28	29 6 hrs	30	31	

Total child care hours incurred in the calendar month of August is 30 hours. To determine the average weekly hours, divide 30 hours (6 hours per day times 5 days) by 4 weeks, which equals 7.5 average weekly hours.

Example #2:

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

A child incurred child care costs while mom is job searching, as indicated in the calendar below. Since the child incurred costs at least 1 day in 2 of the weeks in August, the child is considered in care for 2 weeks.

August			1	2 8 hrs	3	4
5	6	7	8	9	10	11
12	13	14	15	16	17	18
19	20	21	22	23 12 hrs	24	25
26	27	28	29	30	31	

Total child care hours incurred in the calendar month of August is 20 hours. To determine the average weekly hours, divide 20 hours (8 hours from the 2nd and 12 hours from the 23rd) by 2 weeks, which equals 10 average weekly hours.

Example #3:

A child incurred child care costs with 2 different provides in a calendar month, while mom was employed, as indicated in the calendars below. The average weekly hours must be determined for each Provider.

Provider #1

Since the child incurred costs at Provider #1 at least 1 day of each week in August, the child is considered in care for 5 weeks. However, the maximum weeks within a calendar month that can be allowed is 4.

Provider #2

Since the child incurred costs at Provider #2 at least 1 day in 3 weeks in August, the child is considered in care for 3 weeks.

Total child care hours incurred in the calendar month of August for Provider #2 is 32 hours. To determine the average weekly hours, divide 32 hours (8 hours times 4 days) by 3 weeks, which equals 10.66 average weekly hours.

If the average weekly hours of child care provided on the billing form are not within a reasonable amount of the caretaker's average weekly activity hours that were determined at the time the certificate was issued, the eligibility worker must contact the caretaker to resolve the difference. This applies even if the State Rate is the same regardless of the difference in hours.

The family is responsible for the costs of child care to the provider that the Level of Care determination on the certificate for the payment month.

When the Level of Care determined from the Child Care Billing Report form matches the Level of Care on the certificate, the child care costs can be processed.

Compare the billed amount to the State Rate on the certificate to determine the lower amount. Take the lowest amount and subtract the Family Monthly Co-pay to determine the amount to be paid by the Child Care Assistance Program (CCAP).

Payment is made based on the Level of Care listed on the certificate and the actual hours listed on the Child Care Billing Report.

- When the hours on the Child Care Billing Report form are higher than the Level of Care on the certificate, payment is made based on the Level of Care on the certificate. If the Level of Care on the certificate is hourly (HR) and the Child Care Billing Report form reflects either full time (FT) or part-time (PT) hours, payment is paid at hourly (HR). If the Level of Care on the certificate is part-time and the Child Care Billing Report form reflects full time (FT), payment is paid at part-time (PT).
- When the hours on the Child Care Billing Report form are lower than the Level of Care on the certificate, the actual hours on the Child Care Billing Report form are used for payment. If the Level of Care on a certificate is full time (FT) and the Child Care Billing Report form reflects part-time (PT) or hourly (HR), payment is paid at part-time (PT) or hourly (HR).

Note: When this occurs, the worker will follow the policy and procedures in Section 400-28-125-15, Known Information To Agency.

Compare the billed amount to the State Rate on the certificate to determine the lower amount. Take the lowest amount and subtract the Family Monthly Co-pay to determine the amount to be paid by the Child Care Assistance Program (CCAP).

If the child's hours in care do not reflect the hours needed for the caretaker's allowable activities, the eligibility worker must determine actual hours of needed care for the child and enter the number of actual hours into the CCAP payment system. The system will process the payment based on the lower of the hours on the certificate or the actual hours entered.

The number of hours entered into the system may be adjusted but the amount billed may not be changed. The CCAP system will compute the correct amount to be paid to the provider.

Payment to the Provider 400-28-135-15

NDAC 75-02-01.3-06

Unless the provider requests the payment to be issued to the family, all Child Care Assistance Program payments are to be issued to the provider.

If the provider chooses to have the payment go to the caretaker, the provider must complete in its entirety, sign and date a SFN 848, Provider's Request to Pay Parent Directly form. The form must be submitted to the county social service office and must be filed in the caretaker's file. The provider must still complete a 'W-9, Request for Taxpayer Identification Number and Certification'.

The SFN 848 remains in effect until a written statement revoking the SFN 848 is received from the provider or when a caretaker's case closes. If the caretaker reapplies and is eligible using the same provider as before, a new SFN 848 is required from the provider even if a previous SFN 848 is on file for that provider.

Payments are processed daily with the exception of the end of the State Fiscal Year. At the end of the State Fiscal Year, there is usually a 3 day period when payments are not processed.

Payments are issued through an electronic payment card (debit card), direct deposit, or by check in specific cases.

Note: Checks are mailed two working days after the process date. With exception of weekends and holidays, normal delivery **should** be within five business days after the processing date.

The following day care providers receive payments by electronic payment card:

- AR - Approved Relatives (Q)

- IN - In-Home care (I)
- NF - Non-relative in Family Day Care (F, I)
- RF - Relative in Family Day Care (F, I)
- SC - Self-Declaration (S)
- TR - Tribal Registration (R)

The following day care providers will receive payments by direct deposit:

- CT - Centers (C,E,K,M)
- NG - Group Care (G,H)

The following will receive payment by check:

- Payments made to the family instead of provider. The eligibility worker selects this option when entering payments into the Child Care Assistance Program payment system.
- Garnishment of child care payments due to child support obligation of a provider. Child care payments to individuals with a child support obligation are intercepted by Fiscal Administration, Department of Human Services. Fiscal Administration deducts the required amount and issues the remaining amount to the child care provider. Because of this process, these payments will continue to be issued by check.

Payments of Less Than \$10 400-28-135-20

[View Archives](#)

In order for the Co-pay to be applied correctly in the CCAP payment system, all payments must be processed even if the amount of the payment is less than \$10.00. This applies to all cases including cases that are Waived Co-pay.

Example: A billed amount is \$33.00, the Family Monthly Co-pay is \$25.00, the payment must be processed and issued in order for the co-pay to be applied correctly. \$25.00 will be applied to Co-pay and an \$8.00 payment will be made by the Child Care Assistance Program.

If a provider/caretaker reports that a check has not been received, the eligibility worker should verify when the payment was processed.

If it has been over seven working days since the check has been processed, contact the State Child Care Assistance office with the following information: Social Security number and name of caretaker; Social Security number/Employer Identification Number (EIN) and name of provider; the processed date, and the amount of the payment. State Child Care Assistance office staff will check to see if other payments were processed on the same day for the same provider. The State Child Care Assistance office staff will request the check number from the State Finance office. The check system will be used to determine if the check has been cashed or is outstanding.

If the stop payment process is necessary, it will be initiated by the State Child Care Assistance office. The stop payment affidavit is sent to the county eligibility worker to secure the necessary signature and notarization. The affidavit is returned to the State Finance office, and the check is reissued by Department of Human Services. If the person received the original check after the stop payment has been issued, the State Child Care Assistance office should be notified that the stop payment should be canceled. The original check cannot be cashed until three days after the stop notice has been canceled by the Department of Human Services.

The family must be notified with a Child Care Assistance Program (CCAP) notice whenever assistance is denied, pended, or closed, providing them the opportunity for a fair hearing.

The notices that are sent are the documentation of action taken on a case. When a case is authorized for payment, the family will receive a notice automatically which states the total child care billed, amount being recouped if any, the amount the state will pay and the family share. Additional information may be entered on the comment screen. Notices are mailed to the caretaker the next business day following the process date.

Advance or adequate notice is not required in Child Care Assistance program.

Follow is a listing of notices for CCAP:

1. Child Care Certificate -- issued to the caretaker and provider when an application is approved and when a 6 month review is completed. Each time a certificate is updated a copy is mailed to the caretaker and the provider who is affected by the updated certificate.
2. Payment Notification - - informs the caretaker that a payment has been processed. The notification displays the amount over state rate, family monthly co-pay, amount recouped, and amount being paid by the CCAP.
3. Closing – informs the family they no longer meet the criteria for the CCAP.
4. Correspondence – informs to the family when one of the other notices is not appropriate.

Cases must be closed when one or more of the following happens:

1. The caretaker(s) is no longer participating in an allowable activity
2. There is no child in the child care unit who meets the eligibility criteria to be included on the certificate or payment
3. The caretaker does not return a completed SFN 841, Child Care Assistance Program Review, form by the end of the month in which the review is due
4. If the review form is received but
 - a. Is not submitted timely
 - b. Is incomplete and further eligibility cannot be determined
 - c. Indicates the family's income exceeds the upper income limit for the family size
 - d. The child(ren) for whom child care is being requested is determined not to have a need.
5. If the Co-pay exceeds the lower of the State Rate or the amount billed for all children whom assistance is being requested at the time:
 - When a review is completed
 - An individual is added to the case
 - An individual is removed from the case
 - A case is changed from Waived Co-pay to Co-pay

Exception: In an ongoing case, if the Co-pay exceeds the lower of the State Rate or amount billed for all child(ren) whom assistance is requested, the case remains open unless it is determined/anticipated that through the remainder of the certificate period, the Co-pay will exceed the amount billed

6. The caretaker moves out of state

7. The caretaker requests that the case be closed (request to close a case may be made verbally or in writing)
8. The mail is returned and there is no forwarding address or has a forwarding address of out of state
9. Mail is returned due to insufficient address
10. A valid certificate no longer exists but the case remains open. In this situation, the case must be closed the end of the month the certificate ended (this applies in cases that were not closed and should have been closed at the end of the month the certificate period ended). In these situations, the case must be closed backwards.
11. The caretaker fails to provide information that has been requested
12. There is no qualified provider for any child(ren) on the current certificate
13. Following the imposition of an Intentional Program Violation against a caretaker of the case causes the case to be income ineligible
14. Caretaker whose name the case is in enters a public institution
15. Factual information exists confirming the caretaker whose name the case is in is deceased
16. Loss of contact
17. Household countable income reaches the highest income level for its household size

A closing notice can be sent to close a case at the end of the current month up to the last business day of the month with the exception of:

- If a closing notice includes a time frame to allow a caretaker to provide information, the caretaker must be allowed the time frame given to provide the information. In these cases, the Child Care Assistance Program case closes on the last day of the month the time frame to provide information falls into.

The Eligibility Worker must inform the caretaker on the closing notice the date the case is closing.

If a notice is generated on a business day, the print date on the notice is the same day that the notice was generated. If the notice is generated on a non-business day (holiday or weekend), the print date is the following business day.

Underpayments and Overpayments 400-28-150

Overview 400-28-150-05

(Revised 10/1/11 ML #3278)

[View Archives](#)

When a payment is determined to be incorrect, each benefit month that is incorrect must be reworked, using the policies, procedures and the information that should have been used for the payment month. Reworking an incorrect benefit month may result in an overpayment or underpayment.

The overpayment or underpayment is the difference between the benefit amount that should have been paid and the benefit amount paid.

Underpayments 400-28-150-10

(Revised 10/1/11 ML #3278)

[View Archives](#)

An underpayment is a correction to benefits paid a household who was originally paid less than they were eligible to receive. The eligibility worker shall take prompt action to authorize underpayments to current caretakers or to caretakers who would have been eligible if the error causing the underpayment had not occurred.

Underpayments must be established based on the date discovered and whether or not the household is entitled to additional benefits. To determine if there is an underpayment, the eligibility worker must complete a budget using the Excel Spreadsheet or a hand budget before entering information into the payment system.

If the eligibility worker has made an administrative error or discovers a caretaker error resulting in an underpayment, process the underpayment in the child care computer system and send appropriate notification.

If the county social service office receives notification from the Administrative Law Judge or a court of law of a favorable decision on behalf of the client, underpayments must be established, if applicable, based on the directive included in the favorable decision.

If an underpayment would result instead of an overpayment because the household failed to report or failed to report timely, benefits are not restored and the underpayment is not made.

Overpayments 400-28-150-15

(Revised 4/1/14 ML #3401)

[View Archives](#)

An overpayment is a correction to benefits paid to a provider or adult member of the Child Care Assistance unit who was originally paid more than they were entitled to receive.

The eligibility worker must promptly take all reasonable and practical steps to establish all overpayments.

Anytime an overpayment is discovered, a determination must be made whether or not to pursue an Intentional Program Violation. (Refer to Section 400-28-160, Intentional Program Violation.)

Administrative and Caretaker Errors 400-28-150-15-05

(Revised 4/1/14 ML #3401)

[View Archives](#)

When the eligibility worker has made an administrative error or discovers a provider or adult member of the Child Care Assistance unit error resulting in an overpayment, the overpayment must be established and recouped. Process the overpayment in the Child Care Assistance Program payment system and send notification of the overpayment to the provider or adult member of the Child Care Assistance unit.

All overpayments must be established for the entire period of time the incorrect payment was made regardless of the period of time or the cause of the incorrect payment.

If the wrong provider is paid in error, that provider must return the erroneous payment. If the provider returns the payment to the county social service office, the county shall forward the payment to the Department of Human Services using the appropriate SFN 827, Credit Form. If the provider does not return the payment, contact the State Child Care Assistance Program office and they will initiate the collection process.

Situations Where an Overpayment May Need to be Established 400-28-150-15-10

(Revised 10/1/11 ML #3278)

[View Archives](#)

The following is a partial listing of reasons an overpayment may need to be established:

- Individuals residing in the household who were required to be part of the child care assistance unit, but not reported at the time of application, 6 month review or as a mandatory change which resulted in a change of eligibility
- Income and/or allowable deductions that should have been reported and used at the time of application, 6 month review or as a result of a mandatory change which resulted in a change of eligibility
- Child care paid for a caretaker(s) who was not in an allowable activity
- Administrative Errors resulting in overpayments
- Receiving assistance in two states at the same time
- Not being a resident of North Dakota
- Information obtained during the Intentional Program Violation which results in an overpayment

Obtaining Verification of Unreported Information 400-28-150-15-15

(Revised 10/1/11 ML #3278)

[View Archives](#)

Regardless of the source of the information, when the agency receives information that the household may have failed to provide information necessary to determine eligibility, the household will be sent a notice requesting verification of the questionable information. The notice will inform the caretaker that:

- They have 10 days to provide the requested information

If they don't respond within the 10 days, the eligibility worker will need to send a closing notice to close the case on the last day of the month in which the 10th day falls.

Note: Requested verification may include, but is not limited to, members of the child care assistance unit, place of residence, sources of income or allowable activity.

Recouping Overpayments 400-28-150-20

(Revised 4/1/14 ML #3401)

[View Archives](#)

The eligibility worker must promptly take all reasonable and practical steps to recoup all overpayments.

Any overpayment, whether resulting from an error made by the provider or adult member of the Child Care Assistance unit, administrative error, fraud, or a fair hearing decision subsequently made in favor of the county social service office, is subject to recovery regardless of when the overpayment occurred.

Note: Only overpayments occurring under North Dakota's Child Care Assistance Program (CCAP) can be recouped. Requests from other states for recoupment cannot be honored.

The provider or adult member of the Child Care Assistance unit of the case at the time the claim was established is responsible for repayment of overpayments whether it is an administrative or recipient error.

Example: If Mom has an open CCAP case and Dad is in the home, the overpayment is established in Mom's name. Mom's case closes. Dad reapplies in his name. Dad is not responsible for repayment of the overpayment.

If the case closed and the individual reapplies and begins receiving assistance again, any outstanding overpayment balance must be recouped.

Methods of Recouping Overpayments 400-28-150-20-05

(Revised 4/1/14 ML #3401)

[View Archives](#)

Methods of recovering overpayments are as follows:

- Recoupment from the Child Care Assistance Program (CCAP) payment:
 - 10% for agency and client (non-fraud) related errors
 - 20% for Intentional Program Violations (IPV) (fraud)
- Voluntary repayment – a payment that is made by the caretaker who has a closed case or in addition to the recoupment taken out of their benefit if the caretaker has an ongoing open case. The additional amounts must be sent into the CCAP State Office and CCAP State Office staff will apply the payment in the CCAP system.
- Criminal restitution. If the court has ordered an amount of recovery, either more or less than the amount identified above, the amount ordered by the court will be the only amount recovered.

The amount recouped cannot be less than 10% for client or agency errors or 20% for Intentional Program Violation (IPV) (fraud).

For client errors that are later determined to be IPV, the 10% recoupment will continue until the IPV has been established at which time the recoupment percentage must be changed to 20%.

Note: The provider or adult member of the Child Care Assistance unit remains responsible for repayment of any overpayments that may have resulted from this violation regardless of eligibility for benefits.

If an underpayment is issued, the existing overpayment will be recouped from the underpayment by the established repayment method that is in place.

When an overpayment exists, regardless of the provider's or adult members of the Child Care Assistance unit eligibility for benefits, the

provider or adult member of the Child Care Assistance unit shall continue to be responsible for repayment of the overpayment.

Appeals and Fair Hearings 400-28-155

An individual may appeal an adverse action of the Child Care Assistance Program (CCAP) by submitting a signed written request to the county social service office within 30 days from the date of the notice of adverse action. An individual is not required to use SFN 162, Request for Hearing when filing an appeal. However, the individual's request for a hearing must be made in writing and signed. When a written request for a hearing is received within 10 days from the date of the notice of adverse action, benefits must continue unless the individual requests to have their benefits reduced.

Actions which are appealable include but are not limited to:

1. Denial of CCAP benefits
2. Reduction in CCAP benefits
3. Closing of CCAP case
4. Overpayment of benefits paid
5. Any action imposed against a household except when the sole issue is one of state or federal law requiring automatic benefit adjustments for classes of recipients (unless the reason for an individual appeal is incorrect benefit computation)

Requesting a Fair Hearing 400-28-155-10

(Revised 10/1/11 ML #3278)

[View Archives](#)

NDAC 75-02-01.3-13

When an individual appeals an adverse action, the individual has the right to make a written request for a fair hearing within 30 days from the print date of the notice of adverse action.

If the written request for a fair hearing is received after the 30 days, the county must accept the appeal and forward the appeal to the Appeals Supervisor. The Appeals Supervisor will take the appropriate actions.

When a fair hearing is requested in writing within 10 days from the date of the notice of adverse action, assistance must be continued pending the fair hearing decision except in the following circumstances:

1. The household fails to meet other eligibility requirements
2. The recipient unconditionally withdraws or abandons the fair hearing request
3. The department reverses the proposed action without a hearing
4. The department determines, based upon the record of the claimant's fair hearing, that the issue involved is one of state or federal law or a change in state or federal law
5. After an appeal is filed and prior to the decision rendered, a change in the caretaker's benefits occurs and the caretaker fails to file a timely request for a fair hearing after they are notified of that subsequent change

When an individual submits a written request for a fair hearing within 10 days from the print date of the notice of adverse action, the individual's Child Care Assistance Program benefit must be restored at the level the household would have been eligible to receive without implementing the

proposed adverse action which is being appealed, pending the outcome of the fair hearing.

Note: If two adverse actions were taken that reduced the households benefit and the household only appeals one of the adverse actions, the restored benefit level will reflect the change in benefits that results from the adverse action that was not appealed.

The eligibility worker must create and send a notice immediately unless the individual requests to have their benefits reduced.

When the individual requests a fair hearing, the fair hearing will be conducted by the Office of Administrative Hearings in accordance with N.D.A.C. 75-01-03.

When adverse action is taken and the individual requests a fair hearing, the hearing will be conducted by the Office of Administrative Hearings in accordance with N.D.A.C. § 75-01-03.

The following procedure should be followed when a caretaker requests a fair hearing:

- If the individual mails their request to the county social service office:
 - Both the request and the envelope must be date stamped upon receipt (the postmarked envelope is needed to determine the timeliness of the individual's request)
 - Complete the SFN 1784, Appeal Background Report
 - Gather pertinent documents relating to the appeal
 - Within 5 days of the receipt of the request, mail the request and envelope, completed Appeal Background Report and pertinent documents relating to the appeal to the DHS Appeals Supervisor.
- If the individual hand delivers their request to the county, the request form should be:
 - Date stamped upon receipt, with a notation made on the form that it was hand delivered; and
 - Complete the SFN 1784, Appeal Background Report
 - Gather pertinent documents relating to the appeal
 - Within 5 days of the receipt of the request, mail the request, completed Appeal Background Report and pertinent documents relating to the appeal to the DHS Appeals Supervisor.

If a completed SFN 1784, Appeal Background Report is not submitted, the county social service office will be contacted by the Appeals Supervisor

If an application was denied and client requested a fair hearing, the denial remains in effect.

If a recipient appeals a decision within 10 days from the date of the notice of adverse action, the case remains open and payment is issued at the same level through the end of the current certification period. If the case has already closed, the case would need to be reverted to open.

If a fair hearing has not been heard at the time the caretaker is due for a 6 month review, the review is completed and a new Co-pay, State Rate, and Level of Care is established for the new certification period.

If the client disagrees with the new Co-pay, State Rate, payment amount, and Level of Care, that is a separate appealable issue.

If the caretaker is appealing an overpayment within 10 days from the date of the notice of the overpayment, the overpayment will be suspended until the outcome of the appeal has been determined.

If the caretaker is appealing a payment amount within 10 days from the date of the notice of adverse action, the caretaker's Co-pay, State Maximum Monthly Share and Level of Care remain at the same level that was in effect at the time of the appeal.

An Intentional Program violation (IPV) "an action by an individual, for the purpose of:

- Improperly establishing or maintaining eligibility for assistance; or
- Increasing or preventing a reduction in the amount of assistance."

Any individual who is suspected of an IPV must be referred to:

1. The Appeals Supervisor in the Legal Advisory Unit (LAU) for a determination of an IPV; **or**
2. The court system for a determination of fraud.

In order to determine an IPV, that individual must have intentionally committed one of the following:

1. Any act or false statement intended to mislead, misrepresent, conceal, or withhold facts.

Examples:

- A source of income
 - A household member
 - Receiving or attempting to receive assistance in multiple states at the same time
 - Falsified documents
 - An asset
 - Trafficking of the Electronic Payment Card or PIN
2. Committed any act that constitutes a violation of the Child Care Assistance Program (CCAP).
 3. The signatures of any provider or caretaker on the Application, Review form, Change Report form, Child Care Billing Report form or any other

appropriate materials attest to providing factual information that is required to determine eligibility.

It is the act and not the amount of improper benefit received that must be considered. There is no requirement that an overpayment exist when pursuing IPV.

Evidence Evaluation 400-28-162-10

(Revised 10/1/15 ML #3458)

[View Archives](#)

[NDAC 75-02-01.3-12](#)

The county has the burden to establish an Intentional Program Violation (IPV) by clear and convincing evidence. Clear and convincing evidence means evidence that leads to a firm belief that the allegations are true.

Examples:

- Application, review, and monthly report forms. An individual's signature on these forms is attesting to providing full information and to understanding the reporting requirements.
- Statements made during application or review interviews
- Notice of benefits
- A past IPV for failure to report
- Reporting/billings forms
- Narratives
- Documented phone calls
- IEVS verification
- Involvement of an interpreter

When there is evidence a possible IPV has been committed, it is suggested the county review the case and all evidence with the supervisor, director, or a regional representative.

This review will result in a decision to:

- Proceed with the IPV process, or
- Proceed with a client error.

When reviewing the evidence for a possible IPV, the individual must be allowed an opportunity to respond to any unresolved questions.

Initiating an Intentional Program Violation 400-19-162-15

(New 10/1/15 ML #3458)

[View Archives](#)

In instances when there is sufficient evidence to substantiate that an individual has committed one or more acts of intentional program violation (IPV), the county must complete the [SFN 1940](#), TANF/SNAP/CCAP Notice of Suspected Intentional Program Violation.

The SFN 1940 is intended to:

1. Notify an individual in writing when that individual is suspected of having committed an IPV;
2. Inform the individual of their hearing rights and hearing procedures;
3. Allow the individual the right to waive the hearing;
4. Allow an individual to request a hearing officer be present at the hearing rather than a telephone hearing.

When completing the form:

- a. List the name and current address of the individual suspected of IPV.

There may be occasions when more than one individual gave a false report or were interviewed together and in those cases, prepare a **separate** SFN 1940 for each individual.

- b. Describe the violation of program rules including:
 - Information provided that is deemed incorrect;
 - Facts that were not revealed;
 - How and when information and verifications were submitted by the individual.
- c. The evidence disputing the accuracy of the individual's statements, when and where it came from;

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

- d. When and with whom discussions were conducted, the outcomes of which contradict the individual's statements;
- e. What documents were provided that should have included information not revealed, and when were they submitted;
- f. Document how the individual was aware of the reporting requirement;
- g. The form must be **signed** by the county (an electronic signature is acceptable).

The individual will continue to participate as a household member while awaiting a disqualification decision. Recoupment of any overpayment continues to be collected at the rate of 10%. Full repayment of the overpayment does not stop the disqualification procedure from taking place.

An IPV can be pursued if a client is permanently disqualified. Pursuing the IPV will allow for recoupment of a claim at 20% rather than 10% if recoupment is possible.

Scheduled Intentional Program Violation Meeting 400-19-162-20

(New 10/1/15 ML #3458)

[View Archives](#)

After completing the SFN 1940, TANF/SNAP/CCAP Notice of Suspected Intentional Program Violation, the county must schedule a meeting with the individual to discuss the suspected Intentional Program Violation (IPV) within two weeks using a system generated correspondence notice.

If the correspondence notice is returned as undeliverable or with no forwarding address, the IPV information must be placed in the casefile until an address is known. The suspected IPV cannot be pursued until the individual is made aware of the suspected violation.

If the worker had conversation with the individual regarding the suspected IPV, even if the correspondence notice is returned as undeliverable, the IPV can continue to be pursued. The worker must document the conversation that was held with the individual.

If the individual fails to attend the scheduled meeting without satisfactory explanation within three days after the meeting, the county must mail the original SFN 1940 along with a letter detailing the violation and copies of all evidence of the suspected IPV to:

Appeals Supervisor
North Dakota Department of Human Services,
Judicial Wing
600 East Boulevard Avenue Dept. 325
Bismarck, ND 58505-0250

If the individual attends the scheduled meeting the county must:

Child Care Assistance Program

Division 10
Program 400

Service 400
Chapter 28

1. Provide the individual with a copy of the SFN 1940;
2. Provide the individual with a DN 1087 - Legal Service Organizations;
3. Discuss the suspected IPV.

If it is determined that no violation has occurred, SFN 1940 must be placed in the file with a notation that it was not forwarded for further action and a summary of the explanation given by the individual.

If the county believes the violation did occur and the individual does not have a satisfactory explanation the county must explain the following options to the individual:

- Sign Waiver A – Which allows an individual to admit to the facts and accept the disqualification period;
- Sign Waiver B – Which allows an individual to accept the disqualification without admitting to the facts;
- Request an administrative disqualification hearing.

The county must explain signing Part A or B of the Waiver of Hearing will result in specific program disqualification time periods and penalties.

A signed waiver is a statement that the individual has been informed a disqualification penalty will result.

If the individual suspected of an IPV:

1. Chooses to sign the Waiver of Hearing:
 - Provide the individual a **signed** copy of SFN 1940.
 - Mail the SFN 1940, detailing the violation to:

Appeals Supervisor
North Dakota Department of Human Services,
Judicial Wing
600 East Boulevard Avenue Dept. 325
Bismarck, ND 58505-0250.

Chapter 28

- If Part B is signed, a cover letter detailing why the individual signed Part B rather than Part A must also be sent to the Appeals Supervisor.

2. Chooses not to sign the Waiver of Hearing:

- Give the individual a copy of the SFN 1940.
- Explain that a hearing will be held by telephone unless the individual requests an administrative law judge will be present.
- Mail the original SFN 1940 along with a letter detailing the violation and copies of all evidence of the potential IPV to:

Counties may refer individuals suspected of committing an Intentional Program Violation (IPV) to their states attorney for prosecution. The county must confer with its legal representative to determine the types of cases that will be accepted for possible prosecution.

Suspected fraud violations occurring on Indian reservations should be referred to the state's attorney. If the state's attorney's office does not have jurisdiction over the matter, the case will be referred to the U.S. Attorney's office that has jurisdiction on that reservation. If the state's attorney does not refer the matter to the U.S. Attorney's office, the county social service office should do so.

The county must not initiate an IPV against an individual for the same or related circumstances that have already been referred for prosecution.

If an individual is convicted through this procedure the county will receive a judgment.

Upon receipt of a judgment:

If the judgment includes a disqualification period, impose the disqualification following the CCAP disqualification timeframes.

Example:

If a court conviction is received with a disqualification period included, the disqualification period imposed is:

- 6 months if it is a first disqualification;
- 12 months if it is a second disqualification; and
- Permanently if it is a third disqualification.

Example:

Child Care Assistance Program

Division 10
Program 400

Service 400

If a court conviction is received and does not include a disqualification period, the disqualification period imposed is:

- 6 months if it is a first disqualification;
- 12 months if it is a second disqualification; and
- Permanently if it is a third disqualification.
- If the judgment does not include a disqualification period, the county must forward the following information to the Appeals Supervisor to process the judgment under the IPV provisions:
 - Criminal Complaint;
 - Judgment or Order; and
 - A cover letter detailing the violation including the name, address, case number, client ID, and any prior disqualifications.

The Appeals Supervisor must then process the Findings and Order for the disqualification which is sent to the Executive Director for signature. Upon receipt of the signed Findings and Order, the county must impose the specific program disqualification time periods.

Action Upon Receipt of Signed Findings and Order 400-28-162-40

(New 10/1/15 ML #3458)

Upon receipt of the hearing decision, review the decision signed by the Executive Director to determine if an Intentional Program Violation (IPV) was committed.

If an IPV was not committed the household remains responsible for any overpayment and the claim continues as a client error regardless of eligibility for benefits.

If an IPV was committed, the disqualification begins with the first month following the date the individual receives the signed IPV findings and order. When a disqualification has been imposed against an individual, the disqualification must continue uninterrupted until completed. The disqualification is imposed whether the case is currently open or closed.

An individual who is disqualified due to an IPV is not allowed to participate in the Child Care Assistance Program (CCAP) during the IPV disqualification:

- If a disqualified individual applies for CCAP as a caretaker, the application is denied and the entire CCAP household is ineligible.
- If a disqualified individual is a household member at time of application or in an ongoing case, the entire CCAP household is ineligible.

Exception:

Individuals who apply for or are receiving assistance through a federal or state funded program such as TANF, Transition, Diversion, or Crossroads requiring child care for participation are eligible to receive CCAP during a disqualification time period provided all other factors of eligibility are met.

The appropriate Notice of Disqualification must be sent to the household notifying the household that an individual is disqualified and/or assistance will be reduced or ended. The conviction and disqualification information and copies of supporting documents (including conviction information) must be recorded in the casefile. If a disqualified person moves from one county to another, include the disqualification information in the case transfer information.

Overpayments are recovered through a reduction of the CCAP payment. The rate of recovery for IPV is 20%.

Contact the state office for processing of overpayments for a provider IPV.

The provider or adult member of the CCAP household shall continue to be responsible for repayment of the overpayment which resulted from the IPV regardless of the provider or adult members of the CCAP household's eligibility for benefits.

Imposing the disqualification is required even if it means that some individuals may not be affected by the disqualification (e.g. SSI recipient).

An IPV can be pursued if a client is permanently disqualified. Pursuing the IPV will allow for recoupment of a claim at 20% rather than 10%.

After a disqualification hearing or the individual waives the right to an administrative hearing, there are no further appeal procedures available through the Administrative Hearing Process. The determination of IPV cannot be reversed by a subsequent hearing. The individual however is entitled to seek relief in a court of appropriate jurisdiction. The period of disqualification may be subject to stay or other action which would delay the imposition of the disqualification.

A subsequent Intentional Program Violation (IPV) cannot be brought against an individual unless the violation took place after the date of the Executive Director's Findings and Order in the previous action.

Example:

If a decision for a first violation is dated May 17, but the second violation concerns unreported income for the month of December in the prior year, a second violation cannot be imposed because it took place prior to the decision in the first violation.

An IPV can be pursued if it involves two separate individuals and two separate violations, no matter when the violations occurred.

Example:

A decision for a violation is dated May 17 for the husband who is a household member. A second violation occurs due to unreported income for the month of December in the prior year for the wife. IPV can be pursued against the wife.

Intentional Program Violation 400-28-165-75**

(Revised 10/1/11 ML #3278)

[View Archives](#)

SFN 1940 is intended to:

1. Notify an individual in writing when that individual is suspected of having committed intentional program violation;
2. Provide a means of waiving the right to a hearing if an individual suspected of intentional program violation wishes to waive their right to an administration disqualification hearing;
3. Assign a hearing time if the right to an administrative disqualification hearing is not waived; and
4. To allow an individual who desires that a hearing officer be present at the hearing, rather than having a telephone hearing, to indicate that desire.

Form completion instructions:

Pages 1 and 2 are to be completed by the county initiating the administrative disqualification hearing procedure. The form is to be signed in this section, by an eligibility worker, supervisor, or county director who will be present at the meeting with the individual suspected of having committed intentional program violation.

Page 3, the "Waiver of Hearing" section, either A or item B, is to be signed if the individual wishes to waive their right to an administrative disqualification hearing.

Page 4, the individual suspected of intentional program violation must sign on this page if the individual does not waive their right to a hearing and desires that a hearing officer be present at the hearing, rather than a telephone hearing.

If an administrative disqualification hearing is scheduled, the Appeals Referee Supervisor will complete "notice of hearing" and so advise the suspected individual.

Form distribution:

- Original
 - If it is decided at the time of the meeting that there was no intentional program violation - file original and all copies in case file along with a notation of the results of the meeting.
 - If the right to hearing is waived, or if there is to be a hearing - forward to Appeals Referee Supervisor.
- 1 Copy - If the right to a hearing is waived, or if there is to be a hearing - give to the accused individual signing the form.
- 1 Copy – Case file.
